## FACULTY OF MEDICINE

### Action Taken Report on Curriculum Feedback from Stakeholders

### Action taken report on curricular feedback from Students 2020-21

Student feedback regarding CBME curriculum	Response	Suggestions	Action taken
Exposure to the foundation course helped me to get oriented and sensitized to the medical profession.	73% agreed that they had a better overview of the MBBS course.	The amount of portions done per day was a bit too much.	Faculty advised to plan in a way to reduce the burden.
Early clinical exposure (ECE) helped in correlation of my theory knowledge with practical experience.	70% felt that introduction to the clinical side was good to relate to the theory.	ECE was good but a bit complex to understand.	Exposure was less due to the pandemic, to be improvised.
The newer concepts in the curriculum like self-directed learning and integration helped me understand course contents better.	84% expressed that reading independently improved their subject knowledge.	Personalized and resourceful assistance by the faculty.	Encourage faculty to continue the same.
The AETCOM module helped me to recognize the importance of soft skills like professionalism communication and ethical behavior.	70% stated that their interpersonal skills improved through the AETCOM module.	Getting exposed to the different topics helped a lot.	
All the competencies in the curriculum were dealt with and sufficient chances were provided for attaining them during the course of my study.	85% strongly agreed that the competencies were fully covered in their course.	It would have been helpful if we had practice papers that were set to our CBME pattern.	Internal Assessment papers were similar to university examination pattern.
The curriculum encompasses areas of community service and rural health care.	73% expressed that service to society was covered in their syllabus.	Include less theory, and more practical classes with more time to understand Practical sessions should be more.	The practical classes were conducted as per the CBME allocated hours.

The curriculum has been updated from time to time.	60% opined that the recent advances in the curriculum are up to date.	Include more MCQS in the assessments. More concept based assessment in exams.	20% marks are for MCQs in IAE.
The curriculum provides balance between theory and practical application.	79% felt that skills taught are relevant for practical application.		
MCQ's as a part of summative evaluation helps me to improve my marks	81% strongly agreed that MCQ's helped improve their overall scores.

## Student feedback regarding Non CBME curriculum

Student feedback regarding Non CBME curriculum	Response	Suggestions	Action taken
Acceptable percentage of the curricula and Syllabi are covered in the Discipline in which you were studying.	76% opined that the subjects taught covers majority of portions in the curriculum.	<p>Some classes should be taken to help students on how to pursue a specialization of their interest.</p> <p>More interactive sessions with students. Use case scenario to improve the student knowledge and thinking ability The teaching should be more clinically oriented.</p> <p>Increase No. of small group discussions such that teachers and students can interact much.</p>	<p>The institution has made arrangement with Delhi Academy of Medical Sciences to conduct coaching classes to address this issue. Students should start their registration process. Alumni Association has conducted a session to orient them for the same.</p> <p>Interactive Case based learning and clinical case discussions are in place.</p>
The curriculum is sufficient to cover the course outcomes.	79% agreed that the syllabus taught is ample to obtain the knowledge and skills required.	The classes taught should be available online for students to refer when required (LMS does not work often).	<p>Online classes are uploaded on LMS Only when LMS is being utilized for conduct of online summative examination for AHBS, LMS access to students will be blocked.</p>

The curriculum has been updated from time to time.	68% felt that the curriculum is up to date with current trends.	Encouragement of co-curricular and extra-curricular activities.	Online cultural activities and indoor sports were conducted. NSS wing also has conducted activities.
The curriculum provides balance between theory and practical application.	85% stated that the skills learnt are appropriate for clinical practice.	After 1 hour or 2 hour class, break of 5 minutes can help us concentrate more.	During online class Faculty do give a break after every class. Departments were informed to adhere to the same.
The curriculum encompasses areas of professional ethics and values, community service, preventive and rural health care.	84% expressed that the course is comprehensive and caters to all the needs of the society.	Please conduct more classes in skill labs.  Usage of black board with explanation to be enhanced rather than Power point presentation (PPT). PPT to be limited for few pictures/ flowcharts.	Faculty to prepare videos related to clinical skills and post it on LMS.  Informed the departments to utilize the blackboard once onsite classes begin.

## Action taken report on curricular feedback from Faculty 2020-21

Faculty feedback regarding curriculum	Responses	Suggestions	Action taken
Board of studies is ensuring that relevant current trends are being incorporated in the programs offered.	88% of teachers agreed that the curriculum is in line with the recent trends.	More Faculty development program to be conducted to update the faculty knowledge and contribute for curriculum designing.	Workshops related to faculty development have been regularly conducted by University Centre for Health Professions Education (UCHPE) and Medical Education Unit (MEU) like Curriculum implementation support program (CISP), preparation of SLO, setting up OSPE / OSCE stations. In addition Faculty are deputed to Nodal Centre for Advanced Course in Medical Education (ACME).
Opportunity is provided to contribute my ideas in curriculum design and development	85% expressed that they were given a chance to express their views to improvise the course contents	Include the concepts of traditional curriculum wherever deemed necessary so that the students will reap the benefits of CBME curriculum to the fullest.	Departments were informed to discuss the concepts wherever required.
The curriculum has been updated from time to time.	76% stated that there is a regular revision of the curriculum according to the recent advances	Faculty trained in Curriculum implementation support program (CISP) can disseminate the information to other faculty in the department for implementation of CBME curriculum. Participation of all the faculty should be	During the CISP training faculty were informed to train other faculty in the department. Coordinator MEU regularly conducts curricular subcommittee meetings to orient the faculty towards CBME. The UG and PG curriculum committees are in place in each department, they should monitor the implementation of the curriculum.
