Report of Swachhta Pakhwara

As a part of Swachhta pakhwara a seminar on Swachhta and Swachhta Shaptha was organized by NSS Unit on 22nd August 2016, in A.V Hall at 10 AM To 1.00 PM.

The event started with inauguration by watering the plant by the guest speakers, NSS Programme Officers and two NSS volunteers. A total of 250 students participated in this event.

Dr. Anita, Asst. Professor in the Dept. of Microbiology, SDUMC, Kolar delivered Guest Lecture on Hospital Waste Management. She enlightened the students and faculty about the segregation, color coding, disposal and precautions to be taken for the biomedical waste.

Dr. Shankarappa, Assoc. Professor, Dept. of Agriculture Microbiology, College of Horticulture, Tamaka, Kolar, delivered a lecture on Organic Residue Management. Throughout the guest lecture volunteers were actively participated by asking questions to the speakers. The mementos were given to the guest speakers as a token of appreciation.

At the end, vote of thanks was tendered by Dr. Shobha M.V NSS Programme Officer and later programme was concluded by offering refreshments for the gathering.

Report On Swatch Bharath Mission

Swatch bharat Abhiyan was organised as a part of Swatchhata Pakwara in SDAHER, Kolar

The event was organised on 29/08/2016 between 2.30-4.30 pm.

All three NSS units volunteers, NSS Programme Coordinator, NSS Programme Officers and designated faculties from the departments participated in this programme.

The programme began around 2.30 PM, our NSS volunteers moved out to three different directions one group around the college building, the other group to hospital and its surrounding, the other group moved behind university building with the necessary logistics. Nursing college students were assigned to clean their premises. Volunteers were accompanied by NSS Programme Officers and the designated faculty members. They cleaned the nook and corner of the campus, with special emphasis on removal of plastic covers from the campus. Intermittent drizzle did not deter NSS volunteers from delivering their best to this Nobel cause.

A feedback was obtained from the volunteers about their feelings on accomplishment of the cleaning activities. They expressed a sense of satisfaction and contentment for contributing their voluntary efforts for the genuine cause.

SWACHHATA ABHIYANA REPORT – UNIT 1 – GANDHINAGAR SLUM

Swachhata Abhiyana was conducted in adopted area of Gandhinagar Slum in Kolar town on August 30th 2016 with the sole intention of Swachhata and increasing awareness in the population of Gandhinagar slum regarding ill effects of open air defecation. Ground work was done by PRO Mamatha who worked at a PHC run by Sri Devaraj Urs Medical College by Dept of Community Medicine under the guidance of Dr. B.G.Ranganath. As the population in Gandhinagar is very large it was decided that the outreach activity will be done in Govt primary school in Gandhinagar area. A total of 80 children studying in the school of gandhinagar area.

The programme began with the rally by NSS volunteers. The volunteers raised slogans on Swachhta and mainly concentrated on stopping open air defecation. Then they reached the school, volunteers cleaned the school premises along with school students of Govt. primary school Gandhinagar. Dr. Shobha M.V, NSS Programme Officer, Unit I, gave a talk on Swachhata and its relationship with the health to students of Govt. Primary school.

NSS volunteers actively involved in door to door campaign and created awareness regarding the ill effects of open air defecation.

SWACHHATA ABHIYANA REPORT – UNIT II

Swachhata Abhiyana was conducted by NSS Unit 2 in their earmarked adopted village Doddiganehalli on August 29th 2016 with the intention of getting to know the community, understanding their problems and need which would in turn help us in planning future activities that would benefit the community living in that village. Ground work was done by Community Medicine department PRO and Health inspector Mr. Shankar Reddy who at ground level met the Anganwadi teacher of that village and found out the problems and need in that area and a list of people from that village who belonged to the backward caste and low socioeconomic status. A list of 96 families was shortlisted which included majority of the population of Doddiganehalli as most of them had very low socioeconomic status.

Today on 29th August 2016 the NSS unit-II decided to the Swachhata abhiyan programme at Govt. Primary school Doddiganahalli with the help of Mr. Shankar Reddy, Health Inspector, DRS, ANM, Interns and NSS volunteers of Unit II.

The NSS Unit II first cleaned the entire premises of Govt. Primary school Doddiganahalli. Dr. Jayakumar J K, NSS Programme Officer, Unit II, gave a talk on Swachhata and its relationship with the health to students of Govt. Primary school.
