International Day for Tolerance and Peace Report

On the 16th of November, 2016, NSS volunteers from our college paid a visit to Subash High school on the account of World Tolerance day.

The program, mainly aimed at developing a sense of tolerance among growing school children, kicked off with the welcome address by Dr Shobha M.V NSS programme office who welcomed the guest speakers of the day Dr. Kiran, Professor and HOD of forensic Dept. SDUMC and Mr Guru Raja Rao, Counsellor SDUMC. A warm welcome was also extended to the Principal along with the Headmaster of Subash High School.

Following the welcome address, the college classical dance troupe put up a spectacular show which embodied the principals of tolerance and non-violence.

The second event of the day was singing, and the college singers gave everybody a melodious treat while also keeping in mind the importance of imparting meaning and a sense of patriotism whilst singing.

The dramatics troupe, present in 2 teams, then proceeded to entertain and educate the children and all present in matters of World tolerance, by acting out simple day to day activities that the children could relate to.

Our first guest speaker, Dr Kiran, Professor and HOD of forensic Dept. SDUMC, enlightened us with his words of wisdom.

Mr Guru Raja Rao, Counsellor SDUMC, wonderfully connected with children of all ages and put across a heartfelt message.

The program concluded with the vote of thanks bringing a successful end to the World tolerance day celebration.
