REPORT ON COMMEMORATION OF WORLD AIDS DAY 2016

World AIDS Day was organized on 1st December 2016 in Kolar to create awareness regarding preventive measures to be taken to prevent AIDS transmission and the blind belief followed by the society.

The event was organized by NSS volunteers-unit I between 2.30-4.30 pm at KSRTC bus stand and SNR hospital Kolar. 50 volunteers and programme officer participated in this programme.

The programme began around 2.30 pm at KSRTC bus stand where the passengers waiting for the bus were motivated to watch the role play. Our NSS volunteers performed role play creating the awareness regarding the different modes of transmission of AIDS and their preventive measures. They also stressed on emotional and social support need to be given to the AIDS contracted person. Then we moved to SNR hospital premises and performed the same role play.

About 200 people attended and benefited from this programme. A feedback was obtained from the volunteers about their feelings on accomplishment of the creating awareness regarding AIDS. They expressed a sense of satisfaction and contentment for contributing their voluntary efforts for the genuine cause.
