## EXECUTIVE SUMMARY

Sri Devaraj Urs Academy of Higher Education and Research, Tamaka, Kolar established in the year 2007, has since then continued to strive to be known as an institution with a distinct identity and a mandate to deliver quality medical education. It has taken enormous strides in enhancing the quality of curriculum design and development, evaluation, research, infrastructural facilities as well as patient care services.

The cumulative enrolment of students in the faculties of Medicine and Allied Health Sciences for the current academic year is over 1300 and the faculty strength conforms to the Medical Council of India Regulations as well as University Grants Commission. The university ensures that the faculty strength is kept 20% in excess of the minimum requirements to meet the performance demands in all facets of its activities.

The curricula for various programs offered are in accordance with the National goals aimed to provide professional competence predominantly in the area of health care and allied health care services. The University had declared the year 2015 as the year for Academic Reforms and accordingly planned and implemented several reforms. One of the salient reforms is the efforts by the university to work towards the introduction of Choice Based Credit System for the courses offered under Faculty of Allied Health Sciences.

The university has initiated for setting up an exclusive Central Research facility with emphasis on Cytogenetics and Molecular Ge-

netics and Central Diagnostic facility comprising Pathology, Microbiology and Biochemistry laboratories. The building will also accommodate the Department of Physiotherapy as the university is planning to offer courses in Physiotherapy from the academic year 2016-17 onwards. The expected cost for the project is over 900 lakhs excluding equipment.

The teaching hospital of the medical college has a bed strength of 1050 and has a state-of-art ICU, SICU, PICU, NICU, emergency services and Dialysis facilities. The outpatient and inpatient facilities of the hospital are designed to cater to the teaching requirement of the medical college. In addition, the SDUAHER has established Centre for Clinical Skills and Simulation Laboratory for experiential learning and hands-on-training of the students. The hospital has the state of art diagnostic facility in the central laboratory comprising of Biochemistry, Pathology and Microbiology as well as imaging facilities in the department of Radiology. The operation theatres are well equipped with modern gadgets and are fitted with air handling units. The Central Library and Information Centre, has an area of 3654 sq.mtrs. Spread over two floors with provisions for stack room, journal section, digital library and reading section (fully/centrally air conditioned with 700 seating capacity), reference section and lounge. The library is automated with Easy Lib 4.4.1 versions software for operations and management. It has online public access catalogue software for searching books and journals. The second floor of the library

building accommodates a sophisticated acoustically built centrally air conditioned auditorium (1050 seating capacity). It also has a seminar room with smart class room facilities where the postgraduate students conduct seminars, journal clubs and small group discussions with peers. In addition, there is another auditorium of 400 seating capacity in the university administrative block.

The Hostels have been provided with 24x7 security and CCTV surveillance to ensure adequate security for all the inmates. The Information Communication Technology department has ambitious upgrade strategies which include establishment of data center, a central facility for hosting all the IT equipment, campus wide network expansion through NMEICT project strengthening 24x7 Wi-Fi facility and provisions for telemedicine. SDUAHER conducted a Green audit and the report is satisfying and the recommendations of the auditors are under consideration for further implementation.

The Academy, in order to achieve time bound progress and development has developed a well-structured Perspective Developmental Plan- 'Vision 2020' document reflecting the Short Term Goals (2007-2010), Intermediate Goals (2007-2015) and the Long Term Goals (2007-2020). SDUAHER has already achieved all of the Short Term Goals and is on an upbeat to achieve the Intermediate Goals. The Academy has already initiated the Long Term Goals to be accomplished by the year 2020.

The governance and leadership of the university is exemplary and it aims to be a global center of excellence particularly in the area of Medical and Allied Health Science education and research. The student training and support activities are well appreciated by the students and their parents. The financial management of the institution has been encouraging and the prudent utilization of funds has resulted in the overall growth and development of the institution.

The 7<sup>th</sup> Annual Convocation of SDUAHER was held on 24<sup>th</sup> March 2017. Dr.C.N.Manjunath, Padmashree Awardee, Director, Sri Jayadeva Institute of Cardiovascular Sciences & Research, Bangalore was the chief guest and he delivered the convocation address. Dr.S.K. Kumar, Hon'ble Chancellor, SDUAHER presided over the convocation. Dr. C.V. Raghuveer, Vice Chancellor, SDUAHER presented the university report and Hon'ble President, Sri. R.L.Jalappa, Founder Chairman and Former Chancellor, Sri Devaraj Urs Educational Trust for Backward Classes graced the occasion.

Six Gold Medals were awarded to the toppers in various subjects of Post Graduate Degree and Diploma courses and also in the MBBS programme. A total of 272 students qualified for the award of Degree /Diploma/ Fellowship in their respective subjects which includes 02 students were conferred Doctor of Philosophy (Ph.D), 04 students were conferred Post Doctoral Fellowship in Head & Neck Oncology, 47 students were conferred Post Gradu-

ate MD/MS Degree, 18 students were conferred Post Graduate Diploma , 183 students were conferred Undergraduate (MBBS), 01 student was conferred Master of Philosophy (M.Phil), 04 students were conferred M.Sc Molecular Biology and Human Genetics (MB & HG) ,04 students were conferred Master of Public Health (MPH), 01 student was conferred Post Graduate Diploma in Yoga Practice and 08 B.Sc Master of Laboratory Technology and Operational Theater Technology (MLT & OTT) students were conferred their degrees.

All these achievements and accomplishments could not have been possible without the continuous, constructive and unstinted

support from our beloved President and Chairman of the sponsoring Trust, Shri.R.L.Jalappa, Hon. Secretary of the Trust Sri. G.H.Nagaraja, all other esteemed members of the Board of Management, staff, students and well-wishers of the university.

In **1984** a group of dedicated and like-minded visionaries headed by **Shri.R.L.Jalappa, Champion of Co-operative movement in the state of Karnataka** established Sri Devaraj Urs Educational Trust for Backward Classes to **focus on Medical Education and Social Service.**

The trust started Sri Devaraj Urs Medical College, Tamaka, Kolar in the year 1986. Through this college, the trust sought to make a significant contribution to Medical Education, Research and Health Care to Rural population. The College is situated in Tamaka village (abutting National Highway No.4), 5 K.M. from Kolar Town, Karnataka. Kolar is well connected by road, rail and air due its proximity to Bengaluru, which is 75 K.M away. The nearest Railway Junction, Bangarpet is 15 K.M away from Kolar.

The trust in its stride for attainment of quality in education and health care services to its stake holders has obtained Accreditation by National Assessment and Accreditation Council (NAAC, India in 2015) and certification by ISO 9001-2000 in the year 2006 for its Medical College. Sri Devaraj Urs Medical College is one of the few colleges in India to have achieved this remarkable feat.

This inspired the Trust to apply for Deemed University status for this college in the name and style of Sri Devaraj Urs University of Higher Education and Research, comprising Sri Devaraj Urs Medical College. The University Grants Commission of India conducted an inspection in April 2007 and after being satisfied about the infrastructure and teaching facilities, recommended to the Ministry of Human Resource Development, Govt. of India to confer Deemed to be University status to this Medical College. Accordingly, the Ministry of Human Resource Development, Govt. of India conferred deemed to be University status to the Medical College on 25<sup>th</sup> May 2007.

Steps are in progress for inclusion of R.L.Jalappa Institute of Technology, Kodigehally, Doddaballapura (off campus) and Sri Devaraj Urs College of Nursing, Kolar (on campus) under the ambit of the Deemed to be University.

The establishments of the University and the constituent institution are co-located at Tamaka village, Kolar and spread over more than 72 acres of lush green campus with several buildings to accommodate the medical college, administrative offices, teaching/training facilities, hospital and hostels with a total built up area of over 1.17 lakh sq mtrs. Currently, the university has two faculties of studies viz; Faculty of Medicine and Faculty of Allied Health Sciences. The medical college conducts Under Graduate Degree (MBBS), Post Graduate Degrees (M.D./M.S.), Post Graduate Diploma courses, Doctoral Programmes in Anatomy, Physiology, Biochemistry, Microbiology, Pathology, Ophthalmology , E.N.T. and Fellowship Programmes in Head and Neck Surgical Oncology as well as Oral surgical Oncology.

The University has developed regulations, curricula/syllabi for MBBS, Postgraduate (M.D./M.S.) and Postgraduate Diploma Courses as per the policy guidelines laid down by the Medical Council of India, New Delhi. While core curriculum as per regulatory bodies is retained, modifications of curriculum required are done after obtaining feedback from the stakeholders. The university has

established a Department of Medical Education (UDOME) to train the trainers in the processes of curriculum development as well as teaching learning and evaluation modalities. All the Undergraduate and Postgraduate courses offered under the Faculty of Medicine are recognized by Medical Council of India. The college is also recognized by the Malaysian Medical Council since the academic year 2009-10.

The Departments under the Faculty of Allied Health Sciences offer Doctoral, M.Phil. Postgraduate and Undergraduate programmes. The Department of Allied Health Sciences conducts vocational programs in six specialties and the Department of Cell Biology and Molecular Genetics offers innovative courses viz., M.Sc. in Molecular Biology and Human Genetics, Postgraduate Diploma in Genomic Technology, M.Phil. in Molecular Cell Biology and Medical Genetics and Ph.D. in Molecular Biology and Cytogenetic Studies. In addition, the university also offers postgraduate programmes on Library and Information Science (MLISc) and in Public Health (MPH) under the aegis of same faculty. Taking note of the current trends on integration of Complementary and Alternative Systems of Medicine (CAM) in medical practice world over, the university

has established the Department of Integrative Medicine recently to provide holistic health care facilities to the patients suffering from chronic diseases. The department offers Post Graduate Diploma in Yoga Practice. The regulations and curricula for the courses offered under the faculty of Allied Health Sciences are designed and developed in-house by relevant bodies taking into consideration the skills and competencies to be acquired by the students of each discipline of study.

The teaching hospital of the University, R.L.Jalappa Hospital and Research Centre provides secondary and tertiary level health care to the rural and urban population of the Kolar district and also to the denizens from the bordering areas of the neighboring states of Andhra Pradesh and Tamil Nadu. It has a well-equipped Trauma Care Centre and ICU backed by CT and MRI scanning facilities. The mandate of the university is to develop trained manpower of medical and allied health professionals to cater to the needs of the community and provide service to the needy rural population. It also has set up an Outpatient Unit at Kolar town and renders committed outreach service to the disadvantaged through conduct of free medical camps at remote and difficult-to-reach

areas. As an initiative for future expansion the Hospital will have a new Operation Theatre Complex with 12 Operation Theatres, a new ICU complex and a new Dialysis Unit by early next year. The teaching Hospital has Entry level NABH accreditation as well as SAFEi NABH certification. The University is accredited by NAAC with a CGPA 2.66 Grade – B.

## MESSAGE

*It is true that human resources play a pivotal role in the development of a nation and is essentially linked to literacy and quality of education.*

*Education should not confine itself merely to imparting or acquisition of knowledge. Rather, it should emphasize on logical thinking to help the students in arriving at a right conclusion besides acquiring knowledge. The students should become active learners and be able to understand and comprehend every bit of information they receive.*

*Sri Devaraj Urs Academy of Higher Education and Research has always upheld the motto of providing the best quality of education to its students and in this direction, The Academy has brought forward several academic reforms for the benefit of the students for acquiring special attributes which enable them to stand out with distinct qualities in their professional fields.*

*The University also has made significant improvements in various facets of its activities. The continued medical education programmes and training of trainers help the teachers to remain abreast with the latest trends in education technology, research methodology and patient care.*

*I am happy that the University is bringing out the 9<sup>th</sup> Annual Report for the year 2016-17 reflecting and archiving the gist of activities of the university in terms of administration, academics and other activities.*

*I hope you will appreciate the contents of the report and the efforts put in thereto as well as the achievements of this Deemed to be University.*

**Shri.R.L.Jalappa**  
**Chairman, SDUET**

*Cordial greetings and warm wishes to all my colleagues at Sri Devaraj Urs Academy of Higher Education and Research, Kolar.*

*With immense pleasure, I write this message for the Annual Report of our esteemed Academy and it is with humility and a sense of thanking God for the small strides of progress made by the Academy this year. Academic services which are a continuously evolving process at our Academy, has seen progress by the introduction of Choice Based Credit System, implementation of Supplementary Examination for 1<sup>st</sup> MBBS after six weeks from the main examination, continuing familiarization of students to OSPE and OSCE and mandating rural postings during 1<sup>st</sup> MBBS to give a live-in experience to generate the spirit of empathy & social relevance to our medical students.*

*The Academy has established new centers and started new courses this year in the name of Centres for Environmental Studies, M.Phil. and Ph.D. program, Rural Health Care Development and Substance Abuse prevention. The new courses started in the current year include B.Sc. Radio-Therapy and Home Care Nursing. The integrated course- B.Sc. / M.Sc. in Clinical Nutrition and Dietetics, along with the establishment of Department of Clinical Nutrition and a Fellowship program in Oral Oncosurgery.*

*Infrastructural improvements during the current year include strengthening the services at the newly established Central Diagnostic Laboratory, Central Research Laboratory, Department of Physiotherapy and establishment of the Skill Centre with particular focus on imparting skills to our undergraduate and postgraduate students. The Department of Medical Education is also being relocated to a new location with enhanced facilities. A modern Food Court is being established to offer hygienic and nutritious food to all our students and faculty.*

*Towards our efforts at research and novel consultancy, we have conducted the Undergraduate Research Conference (DeMedCon) this year also attracting more participation than in the years before. We have ongoing research projects in collaboration with Megazen, ITC Limited (Food Division) and National Institute of Miners Health. The Academy also started conducting Specialty Clinics in urban slums of Kolar district for National Urban Health Mission (NUHM). Medical fitness screening is being offered as a consultancy services to several industries located at the industrial hub of Narasapura. The Academy is also conducting food product trial for select food industries. Our Academy has also participated in the National Programmes on Pulse Polio and Filariasis.*

*The R.L.Jalappa Hospital and Research Centre the teaching hospital of the academy has been granted with entry level NABH accreditation as well as in NABH Safei Certification. The Central Diagnostic Laboratory of the hospital has undergone pre assessment inspection as a pre-requisite prior to obtaining NABL accreditation.*

*While I place on record my sincere appreciation to the efforts of all my faculty colleagues for their strides of progress, I wish to add that this is just the beginning of our journey and our quest for the future should be an ongoing effort.*

*May God bless you all.*

**Dr. S. Kumar**  
**Chancellor**

## MESSAGE

*The purpose of publishing this Annual Report is not only to recount the academic activities of the Academy but also to help in making an objective assessment of the achievements which might have helped students in gaining extra knowledge, enjoying the extra “global” exposure and appreciate the efforts of the faculty in fostering such endeavors.*

*I am very happy that the Annual Report of the Sri Devaraj Urs Academy of Higher Education and Research is ready in record time. On browsing through the papers one will encounter the progress made in Teaching / Learning together with Evaluation and appreciate the advances made in Research and Development. Several new initiatives have been taken by the Academy including streamlining Ph.D. programmes, attracting more research initiatives, starting of new courses in collaboration with other organizations. The Infrastructural improvements initiatives include construction of new O.T. Complex, I.C.U., Dialysis and Endoscopy units which are nearing completion. The new Food Court has added luster to the campus. The Department of Clinical Nutrition and Dietetics has started functioning with students who have enrolled for the B.Sc. – M.Sc. composite course. The academy has signed MoUs with several institutions of higher learning as well as industries.*

*I heartily congratulate all the departments which have put in tremendous efforts in conducting CMEs, Guest Lectures and the like as well as in their efforts to go forward with NABH Accreditation of the R.L.Jalappa Hospital and Research Centre and NABL Accreditation of the Central Diagnostic and Laboratory Services. May the efforts continue to help the Academy to grow more in the years to come.*

Vice Chancellor

## MESSAGE

*It is with great pleasure and pride we present you the Annual Report of Sri Devaraj Urs Academy of Higher Education and Research for the year 2016-17. In just over a decade of its existence since 2007, it has grown significantly in its stature and dimensions as a Deemed to be University.*

*The Year 2016-17 has been very satisfying in terms of its performance with respect to Academics, Research and Administration. In the Academic front, The University has started a new course in Clinical Nutrition and Dietetics, a unique composite, B.Sc. - M.Sc. Integrated Programme under a well-designed and equipped department of Clinical Nutrition and Dietetics. The Department of Physiotherapy has also been strengthened with new facilities and faculty. B.Sc. Radiation Technology is another course started by The University in 2016.*

*The Central Research Facility of The Academy has got a boost in terms of space, equipment and manpower. This facility is capable of undertaking research in the areas of genomics, proteomics, cell culture and phyto-chemistry. The University is committed to support the faculty, undergraduates and postgraduates students to engage in research and the quality of research output is on the rise.*

*Sri Devaraj Urs Academy of Higher Education and Research is leaving no stone unturned in strengthening the quality of teaching, learning, patient care and research activities. These activities have become an inbuilt culture of The University and I am sure that it would translate into creating a conducive environment for imparting quality education and conducting research.*

*This is the 9<sup>th</sup> Annual Report of Sri Devaraj Urs Academy of Higher Education and Research which gives an extensive narrative of all its curricular, extra-curricular activities and financial performance for the year 2016-17.*

*I hope that you will appreciate the contents of this Report.*

Sri Devaraj Urs Medical College was started by Sri Devaraj Urs Educational Trust in the year 1986 and since 2007 is the constituent college under SDUAHER. The vision and mission of SDUMC are in accordance to those of the University and has objectives of ensuring highly qualified and motivated faculty, providing necessary infrastructure and facilities for students and staff and facilitating need based quality Medical Research.

The College offers MBBS course with 150 Annual Admissions, 18 departments

offer PG degree course with 65 sanctioned admissions for the academic year 2017-18, 8 departments offer PG Diploma course with 18 sanctioned admission and 13 departments offer Ph.D. programmes, Totally 33 students have been enrolled for Ph.D., one fellowship in Head and Neck oncology was also awarded. Dr. Sridhar Rao. P.N. Dept. of Microbiology, Dr. Deena Mendez, Dept. of Biochemistry & Dr. Vanishree.B, Dept. of Biochemistry were awarded with Ph.D. Till date SDUMC has produced nearly 4000 MBBS Graduates, 437 PG Degree & Diploma holders, The Medical College has more than adequate qualified teaching and non-teaching staff to undertake teaching, training and service delivery.

## Administrative Block

The Medical College has infrastructure and learning resources which are periodically updated as per the needs of the students and faculty. The lecture galleries have been upgraded to smart class rooms and the library has been upgraded to a modern

A Modern Central Diagnostic Lab provides all necessary investigations for the patient care and research. A state of art center for clinical skills and simulation with

simulators provides hands- on-training to all the undergraduates, PGs, Interns and faculty. 3 primary health centers are attached to the medical college of which Devaraya Samudra

PHC is being adopted and administered by the Dept. of Community Medicine. In addition an Urban Health Centre and outreach clinics are

being run by the department of Community Medicine.

**Auditorium of 1050 seating capacity at Library Information Center**

The college maintains high standard in Teaching, Training and Evaluation processes as evidenced by the high pass percentage with a substantial number of students securing Gold Medals/Distinctions/First Classes, in the University Examinations and is a testimony to the efforts of the dedicated faculty.

The inmates are protected round the clock by vigilant security personnel. The college offers unique professional, cultural and recreational opportunities in a serene and cordial environment. The hallmark of the college is the excellent discipline and moral values inculcated among the students.

Fully integrated, innovative, curricula within the regulation of Medical Council of India have been prepared for the students to acquire adequate knowledge, requisite skills and competence. Students are also taught Medical Ethics, the Constitution of India and recent emerging areas of knowledge in each subject of study.

The College has Qualified and Experienced faculty and each department is staffed as per MCI norms. The Lecture

Galleries and Seminar Halls of each Department are well ventilated and equipped with latest audio-visual aids. The Library is spacious and well stocked with Textbooks, Reference books, National and International Journals. Printing, Scanning and Photocopying facilities are also available. The Digital Library has a good number of computers with Internet and Medical Database facilities. Seminars, Symposia, Workshops, CMEs and Conferences are organized regularly by all departments. In addition there is a state of the art centrally air-conditioned library cum Information center and an auditorium of 1050 seating capacity.

College has conducted 3<sup>rd</sup> National Undergraduate Medical Conference (Demedcon 2016) from 19<sup>th</sup> to 21<sup>st</sup> April 2016 on the theme “**Confidence through Competence**” to prepare research attitude among Undergraduates which helps them to future development in the Medical Sciences. They are actively engaged in research and have taken the projects sponsored by ICMR, apart from routine teaching learning and evaluation. Our students have participated in the conferences and have brought laurels to the Institution. The dedicated teams involving staff and students with the support of management conducting the various

workshops, symposia, quiz and street plays benefitting to the theme. The organizing committee has taken all the precautions to cater to the needs of Accommodation, Transport, Scientific Sessions and Food.

The college campus provides adequate and comfortable Hostel accommodation. There are four men's hostels with 700 students' capacity five ladies hostels with 850 student capacity. The canteens, cafeteria, bakery, consumer co-operative society, laundry, ATM and other such facilities take care of the day-to-day needs of the students and staff. The staff are provided with in-campus accommodation and their presence in the campus creates a homely atmosphere. Various guest houses accommodate visiting dignitaries, examiners,

parents and past students. Alumni and Parent-Teacher Associations are active with their valuable suggestions.

A fully equipped modern gymnasium, synthetic tennis court, indoor sports facility, basketball court, playground and athletic grounds meet the extracurricular activities of the students. Annual intercollegiate and intra collegiate level sports and athletic meet are held on regular basis.

The NSS/YRS wing is involving actively in the social activities in the communities in Kolar

As per the directions of the UGC and MCI the departments are cleaning and maintaining their environment under Swatch Bharath Abhiyan.

## R.L. JALAPPA HOSPITAL AND RESEARCH CENTRE

### VISION:

“To be a Centre of excellence for offering Quality Patient Care, Clinical Teaching and Scientific Medical Research”.

### INTRODUCTION:

R.L.Jalappa Hospital and Research Centre is a Teaching Hospital attached to Sri Devaraj Urs Medical College, which is the Constituent Institution of Sri Devaraj Urs Academy of Higher Education and Research. It is a tertiary referral Health Care Centre which was started in the year 1994 with outpatient service. The full pledged outpatient & Inpatient services were started from January 1995. The hospital is catering to the Health needs of the backward districts of Kolar, Chikkaballapur and also the adjoining areas of Andra Pradesh and Tamil Nadu. The Hospital has grown from a humble beginning to a well-established Health Care provider with the facilities & equipments on par with leading teaching Hospitals of the state. All the basic specialty services are free for the patients of the general wards except the Medico-Legal cases. High end investigations are provided at a concessional rate considering the financial constraints of the people of the region.

### Activities at a glance

MOU with Manipal Hospital, Bangalore on 29<sup>th</sup> April 2016 for the services in Neuro-Surgery & Nephrology. Dr.Rohan Augustine and Dr.Ravi Jangamani are visiting RLJH & RC on every Wednesday.

The World Labour Day was celebrated in the hospital on 01-05-2016. The function was chaired by Dr.V.Lakshmaiah, the Medical Superintendent of RLJH & RC.

New Medical Superintendent Dr.Mohan Kumar.K took charge on 22/6/2016 from Dr.V.Lakshmaiah.

Renewal of various Government Health schemes, namely; Yeshasvini Health Insurance scheme (YHIS) and Rashtriya Swasthya Bima Yojna (RSBY) for BPL card holders etc.,

License obtained from Health Authorities for MTP.

The Hospital Day was celebrated with pomp and pride on 19-10-16 to mark the birthday of our Hon'ble Chairman Sri.R.L.Jalappaji. Sri.G.K.Nagaraj Secretary of Sri Devaraj Urs Educational Trust presided over the function. The Guest of Honour were Dr.S.Kumar, Hon'ble Chancellor, SDUAHER and Sri.J.Rajendra, Trustee and Director A & F, SDUAHER. The function was also graced by Dr.C.V.Raghuveer, Hon'ble Vice Chancellor, DR.A.V.M.Kutty, Registrar, Dr.M.L.Harendra Kumar, the Principal, Dr.MohanKumar.K.Medical Superintendent.

Dr.A.Bangarappa who served for more than 15 years in various capacities in the hospital expired on 28-10-2016. A condolence meeting was arranged for the sad demise of one of the sincere officers of the hospital.

At Kolar OPD Block, the R.L.Jalappa Institute of Diabetology and Research was inaugurated on 14-11-2016. Dr.V.Lakshmaiah is made the coordinating officer. A free diabetic camp was arranged to mark the occasion.

The Hospital acquired the Pre Entry Level NABH Certification with effect from 07/12/2016. The Medical Superintendent Dr.Mohan Kumar.K thanked all the Doctors and various other staff members including Smt.Beenamma Kurian, the NABH Coordinator for their exemplary work. Safe-I Programme is under progress.

This year Christmas Day was celebrated on 21-12-2016 in the hospital. The gathering included the Hon'ble Vice Chancellor, Deputy Medical Superintendent, Finance Officer and Chief Nursing Officer etc., on the dais. The gathering was addressed by the Vice Chancellor of the Academy.

Because of healthy practices and improvement in quality patient care, hospital has acquired certification from NABH which has subsequently reflected in the steady increase in Out-patients / In-patients and Operations and overall patient satisfaction.

## DEPARTMENT OF ANATOMY

### VISION:

- To excel in providing quality medical education in Anatomy
- Conducting quality research
- To enable students to face global competition.

### INTRODUCTION:

The Department of Anatomy started in the year 1986. It provides the required education in human anatomy for medical students and paramedical students. It also provides necessary training facilities to the post graduate students of Surgery,

Ophthalmology, ENT and Pathology in Anatomy as relevant to their specialities. The Dept has infrastructure to cater to 200 MBBS students. It has a museum, with excellent display of exhibits on Embryology, Genetics, Gross Anatomy, Sectional Anatomy, Radiology and Clinical Anatomy which are updated from time to time. Dissection of the cadaver is complemented by displaying relevant videos. The department also organizes body donation programmes. There are total 6 Ph.D. scholars pursuing quality research in their area of interest.

### Thrust areas identified:

- Morphogenesis
- Medical genetics
- Anthropology
- Skill development in preparation of Transparent Model

## DEPARTMENT OF BIOCHEMISTRY

### VISION:

- To excel in Quality patient care, Academics & Research

### INTRODUCTION:

Dept. of Biochemistry established in the year 1986 at Sri Devaraj Urs Medical College is involved in Teaching, learning and Evaluation, Diagnostic & Research activities. Dept. is involved in Teaching I MBBS students, B.Sc. MLT, B.Sc. Nursing, Allied Health Sciences, M. Phil, Ph.D., M. Sc. MLT, M. Sc. Genome technology, MD Biochemistry and other department students when posted for External postings in our Dept.

We have a well-established Under Graduate (UG) & Post Graduate (PG) lab, at Dept. level. Our UG lab has a capacity to accommodate 90 to 95 students at a stretch to

conduct UG practicals. Our PG and Research lab adjacent to UG Lab has well equipped modernized instruments with 24x7 power back up which can facilitate upto 8 researchers to continue their basic Research activities.

We have 24x7 Diagnostic laboratories at Central lab RLJH, which renders diagnostic service to the patients coming to RLJH for treatment. Lab is planned in such a way considering the lean process and sigma matrix. We have well equipped instruments such as 5.1 fs Vitros Dry Chemistry Analyzer the first of its kind in this region, BIORAD - D10 HPLC for HbA1C and also Electro Chemiluminescence for hormone assays. Routine Internal Quality Assessment and External Quality Assessment of parameters are procured from BIO-RAD and is quality confirmation is done as per NABL ISO 15189: 2012 standards.

## DEPARTMENT OF PATHOLOGY

### VISION:

“To be a center of excellence for diagnostic services, research and education in the field of Pathology”.

### INTRODUCTION:

Department of Pathology had a humble beginning in 1988 with setting up of Laboratory, morbid anatomy rooms and Museum. Various equipments and chemicals were procured for undergraduate practical teaching.

Post graduate course in MD pathology was started in 2003 with 2 admissions per year which was increased to 4 since 2010

The faculty are actively involved in Undergraduate and Post graduate teaching, Diagnostic services Posters and scientific papers are being presented and published in

various state, national and international Journals and conferences.

The department now has well stocked computerized museum arranged systematically with corresponding legends and teaching material, central laboratory with clinical pathology, cytopathology, frozen section, histopathology with special stains and immunohistochemistry.

### Activities of Blood Bank:

Department of Pathology runs a 24 hour blood bank at Shri R L Jalappa Hospital and Research Centre. It is recognized by NACO and Drug controller. Blood Bank has a Memorandum of Understanding with Sankalp Indian Foundation for conducting Voluntary blood Donation campus as per NACO guidelines.

UG Students Miss Kavya I and Miss Manasa from 3<sup>rd</sup> term won the State Annual UG Pathology Quiz conducted by JSS Medical College, Mysore on 5<sup>th</sup> November 2016

Inauguration and Lamp Lighting at Pathology CME conducted on 04<sup>th</sup> March 2017

### Thrust areas identified (in bullets):

- **Tumor Biology:**  
Application of Immunohistochemistry markers and molecular markers for the diagnosis / prognosis of following malignancy.
  - a) Head & neck tumors, b). Breast tumor, c). Prostatic tumor, d) Cervical cancer.
- **Cytopathology :**
  - a) Study of cytopathology of thyroid tumors, b). Cervical cancer screening.
- **Haematology:** Platelet Indices, Bleeding and coagulation studies in Snake poisoning.
- **Blood Bank:** Blood component separation and increase of shelf life of blood components

## DEPARTMENT OF PHARMACOLOGY

#### VISION:

“Excellence in teaching & training of pharmacological concepts and its application in clinical medicine and research”.

#### INTRODUCTION:

The Department was established in 1988 with all facilities as per MCI requirement under the guidance of Dr. Nanjappa S, a senior Professor and Dr. Babu S Nema, HoD. In Jan

2003, MD Pharmacology course was started with the approval of MCI. The Department is active in the field of pharmacovigilance and research. Our Department was recognized as Peripheral Pharmacovigilance Center from 2005. From July 2015 it is recognised as Adverse Drug Reaction Monitoring Centre under Pharmacovigilance Programme of India by Indian Pharmacopoeia Commission, National Coordinating Center, Ghaziabad.

The central animal house is registered under Committee for the Purpose of Control and Supervision of Experiments on Animals (CPCSEA), New Delhi.

#### Thrust areas:

- Pharmacogenetics
- Pharmacovigilance
- Self-medication patterns
- Pharmacoeconomics
- Drug utilization studies

## DEPARTMENT OF MICROBIOLOGY

### VISION:

Service training and research to mitigate suffering from microbial infections.

### INTRODUCTION:

The Department of Microbiology at Sri Devaraj Urs Medical College was established in 1988, which caters to the educational needs of under graduate medical students. The MD course was started in 2004. PhD course was introduced in the year 2009. The first Ph.D in microbiology was awarded by SDUAHER in 2015. The department also offers training to students pursuing BSc MLT, OT Technology, and Nursing, Physiotherapy and MSc MLT and Molecular biology courses.

In addition to academics, it provides laboratory services to diagnose infectious diseases. The laboratory is equipped with Bact/Alert, Chemiluminescence assay, ELISA, PCR, Immunofluorescence and Lyophilizer. We regularly participate in External Quality Assessment Scheme (EQAS) offered by Indian Association of

Medical Microbiologists & our lab is among the top 8 laboratories in India .We take an active part in the surveillance of Health-care Associated Infection Control Programme. We have brought out a manual on infection control practices and Antibiotic Policy for in house use. As a part of community service, the department investigates outbreaks of Gastroenteritis, Dengue, Leptospirosis in Kolar and the surrounding areas.

The department pursues research with many publications on Syphilis, Tuberculosis, Antimicrobial resistance, and Ventilator Associated Pneumonia and Pneumococcal infections.

### Thrust areas identified:

- Dengue and Arbovirus infections.
- Tuberculosis
- Viral, bacterial , Parasitic & Rickettsial fevers
- Leptospira infections
- Multi-drug resistant infections
- Health-care Associated Infections.

## DEPARTMENT OF COMMUNITY MEDICINE

### MISSION:

To provide aspiring student's community based medical education of exceptional quality; to provide health care services through outreach activities; to foster quality health care research and innovation; and to collaborate with centres of excellence to achieve global excellence in academics, health care and research.

### INTRODUCTION:

The Department of Community Medicine is a University Department of SDUAHER, Kolar and a Department of SDUMC the constituent college. The Department functions under the faculty of Medicine and primarily conducts Community Medicine course for MBBS Program and MD Community Medicine Program. The Department aims to prepare basic, quality health care professionals and Doctors of Community Medicine. The Department

provides community based health care services, conducts research and in the process partners with community based agencies and organizations. The Department has the agenda to generate new knowledge in the sphere of public health, to deliver innovative health care services and advocate it to the stake holders across the community. The Department is working towards reproducible models of health care services and its delivery to people in their various stages of life and for the conditions and diseases they suffer. The Department intends to achieve its aim of providing consultancy services to organizations and institutions of health in building their capacities in delivering comprehensive and innovative health care systems and its delivery. The Department has established and is maintaining a rural and an urban health care and training centre for community based training of students and trainees enrolled to courses of medical and

health related disciplines in the institute. These centres are also the field practice areas to undertake research on the need based health problems of the community.

### VISION:

- To be a department of excellence through imparting quality training in anaesthesiology
- Offering optimal anaesthesia care for surgical patients including critical care and pain relief
- Conducting research in the related areas.

### INTRODUCTION:

The Dept was established in April, 1988 under the able guidance of Dr. M.H. Chandrappa, MD, DA (London). Later, it was upgraded in 1989 with one Head of the Department two Associate Professors, two lecturers and two Tutors. Hospital complex consisting of major & minor operation theatres alongwith a multi-specialty Intensive Care Unit with 10 beds, besides other departments, started functioning since 1995.

Post graduate courses were introduced in 1997 with two M.D and four D.A seats. The 13<sup>th</sup> and 25<sup>th</sup> Silver Jubilee State level Anaesthesia Conference & CME was conducted during September 1997 and August 2010 respectively.

Apart from catering for the anaesthesia services in OT, the Dept is offering pain & palliative care to post-operative and terminally ill patients at pain clinic and also managing critically ill patients in Intensive Care Unit.

Link doctors identified by the Dept endorse infection control practices. They are not only involved in training of staff, PGs and Paramedics but alsojj supervise all the infection control practices in ICUs and operation theatres.

Some faculty members are certified as ACLS Instructors and they impart training and certify Interns, PGs and Paramedics in BLS and ACLS.

Many research projects have been taken up by the faculties and student's alike. There have been a good number of publications from the Dept in reputed Journals.

### **Achievements / Honors / Awards / Fellowships if any during the year**

#### **a. Faculty**

- The Department of Anaesthesiology was awarded as the “Best Department” for the year 2016 by the University.
- Dr. Dinesh K, Professor & HoD was elected as president, Dr. Ravi M, Professor as Vice-President and Dr. Kiran N, Associate Professor as Secretary respectively for Indian Society of Anaesthesiology, Kolar City Branch
- Dr. Dinesh K, Professor & HoD & Dr. Ravi M, Professor were certified as AHA BLS & ACLS Instructors from the St. Johns Medical College, Bangalore held during December 2015.
- Dr. Threja C K, Assistant Professor underwent training in Palliative Pain Medicine and was awarded certificate from the Kidwai Memorial Institute of Oncology Bangalore

#### **b. Postgraduates**

- Dr. Nikhila R was awarded Gold medal in MD Anaesthesia Exam conducted by SDUAHER University in 2016-17
- Dr. Supriya T C was awarded Gold medal in Diploma Anaesthesia Exam conducted by SDUAHER University in 2016-17.

## DEPARTMENT OF DERMATOLOGY, VENEREOLOGY & LEPROSY

### VISION:

- To become a Centre of excellence in clinical dermatology, research and training for this region.

### INTRODUCTION:

The Department of Dermatology was started in the year 1988. Post graduate course in MD Dermatology was started in the year 1998 with one admission per year and subsequently in the year 2010 admissions were increased to two MDs and One Diploma per annum. The Department of Dermatology is presently headed by Dr. Rajashekar.T.S. The Dept renders specialized care in cutaneous diseases to the rural population of Kolar and surrounding districts. Department is also actively engaged in both undergraduate and postgraduate teaching and pursuing research and publication activities.

The Department offers the following specialty services:

- Sexually transmitted disease clinic
- Leprosy clinic
- Contact dermatitis clinic
- Autoimmune disease clinic
- Pigmentary disorder clinic with Photo-therapy facility
- Psoriasis clinic
- LASER therapy for pigmentary disorders and tattoo removal
- Minor OT facilities for procedures like skin biopsy, cautery, chemical peeling and other skin Surgeries (Vitiligo surgery, acne surgery)

### Thrust areas:

- Oral lesions in geriatric patients
- Hair loss in children
- Immunotherapy for viral warts
- Dermoscopic study for hairloss

## DEPARTMENT OF RADIO-DIAGNOSIS

### VISION:

- To be one of the premier academic radiology programs in India.

### INTRODUCTION:

Department of radio-diagnosis caters to the need of the patients of R.L.Jalappa hospital round the clock. Department is well equipped with all the modalities including CT, MRI and mammography. Department offers services in various medical camps to cater to the needs of rural population.

The department is actively involved in training of undergraduate and postgraduate medical students with MCI recognized postgraduate degree and diploma courses. Department also offers BSc course in imaging technology under SDUAHER.

All the faculty and residents are actively involved in academic activities and attend state/national conferences and CME programmes. Faculty and residents are involved in research publications in various national and international journals.

The department is well-equipped with a museum cases of various systems and a demonstration room containing exhibits

### Thrust areas identified:

- Musculoskeletal imaging
- Imaging in oncology
- Neuro and spinal imaging
- Imaging in trauma
- Foetal medicine
- Radiation protection
- Cross sectional body imaging

### Teaching Faculty Details as below

**Sitting row (left to right)** Dr. Naveen G. Naik (Asst. Professor), Dr. Ashwathnarayan swamy (Sr. Resident) Rache Gowda N (Professor), Dr. V.Pattabhiraman (Professor), Dr. Purnima Hegde (Prof. & HOD), Dr. Kumar Sakalecha (Professor), Dr. Nabakumar Singh (Professor), Dr. Vinay K K (Sr. Resident).

## DEPARTMENT OF GENERAL SURGERY

### VISION:

- Our vision is to excel in the field of teaching, learning, research and innovative clinical practices

### INTRODUCTION:

Department of General Surgery was started in the year 1988 under the guidance of Dr.T.D.Srinivasan. Initially started with 60 beds. The Dept has grown tremendously for past few years with the bed strength of 160 (40 super specialty beds) at present.

The department is well equipped with adequate staff, faculty and equipment and is capable of handling all types of procedures.

### The services offered are

1. Urology.
2. Neurosurgery
3. Oncology
4. Plastic Surgery
5. Paediatric Surgery.
  - i. Breast clinic
  - ii. Diabetic foot clinic
  - iii. Endoscopy unit

Basic laparoscopic surgeries are performed.

Department of surgery has extended its social service to rural population by health camps, and various services like NSS activities, AIDS awareness program

### Thrust areas:

- Breast Cancer
- Deep Vein Thrombosis
- Post-operative Surgical Site Infections.
- Polytrauma & Blunt Trauma Abdomen
- Chronic Ulcers Of The Foot

### VISION:

**“Aim for Disability Free Society”**

### INTRODUCTION:

The department of orthopedics was established at Sri R.L.Jalappa Hospital in 1986 with 3- Units and each unit is headed by a professor.

Junior staff strength is adequate. The consultants have good teaching and clinical experience. Each Unit has 3 OP days and 3 OT days per week.

The OP strength is around 140-150 per day. Orthopedics wards have a bed strength of 100 and an occupancy rate of 75-80 %. 10-15 major and minor surgeries are carried on an average per days.

Apart from routine academic activities for U.G & P.G. students through clinical case demonstrations, Theory classes, Tutorials and Seminars demonstration of rare surgeries are done through video demonstration for postgraduates. Operative procedures have improved from general orthopedic surgeries to sub specialty surgeries in arthroscopic, spine stabilization, pelvic and acetabular fracture stabilization and arthroplasty procedures. The department has got all emergency facilities to manage any polytrauma case.

- Thrust Areas identified
  - Anterior and Posterior cruciate ligament reconstruction
  - Meniscal surgeries
  - Total hip replacement

## DEPARTMENT OF OPHTHALMOLOGY

### VISION:

- To excel through compassion and technical competence.

### INTRODUCTION:

The Department offers quality out-patient and in-patient services. The OPD has all necessary equipments like Auto-Refractometer, Keratometer, A-scan, Slit-Lamp Biomicroscopes, Humphrey Field Analyser, Synaptophore, Ultrasound B-scan, Fundus Camera, Diode and Nd-Yag Laser to provide comprehensive eye care to the Community. The Department has sub-specialties like Cornea, Glaucoma, Squint, Retina, Oculoplasty and Neuro-Ophthalmology clinic with Eye Bank services. Operation Theatre is well equipped with state of art equipment like Ziess Operating Microscopes with CCTV, Visalis 100 version 2 Phacoemulsification and Vitrectomy machine. All patient's attending Diabetic center, Kolar are screened for Retinopathy and other eye diseases. To improve the knowledge and skill of student's museum, skill lab and wet lab are updated periodically.

Outreach programmes like free Cataract surgery, Diabetic Retinopathy and school children screening camps are conducted regularly.

### Thrust areas identified:

- Main focus is on Community Ophthalmology, Cataract surgeries, Glaucoma, Diabetic retinopathy.
- Post graduate residents presently with their on-going research projects- 8.

## DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

### VISION:

- To provide quality care for women's reproductive health.
- To provide comprehensive education to medical student and residents to help them achieve excellence in the profession and motivate them to be life-long learner.
- To provide an environment of collaboration, humility, integrity and respect for achieving excellence in profession and promotion of basic clinical and translational research.
- To strengthen the sub specialty areas for providing high quality patient care.
- To co-ordinate the strength and talent of individual faculty members with the need of the department and to facilitate & collaborate individual and departmental efforts

### INTRODUCTION:

The department of Obstetrics and Gynecology, a constituent department of Sri Devaraj Urs Medical College is thriving hard to offer quality care to the patient and quality education to student through our dedicated team of the faculty members. Department of OBG started functioning in the year 1986-87.

It caters to the rural population in and around Kolar district. Our team of expert specialists in the field of Obstetrics & Gynecology provide emergency Obstetrics care all round the clock to the mothers who are referred in critical condition.

The Department has sub specialty clinics like STD clinic. Infertility, family welfare clinic. Preventive gynecology etc. Department provides free counseling and testing for HIV while simultaneously providing anti-retroviral therapy to mother and newborn tested positive, through PPTCT (AIDS/HIV detection for prevention of parent to child transmission) center which is attached to the Obstetrics and Gynecology department. The Dept. is well equipped to impart a quality patient care. All the faculty in the department voluntarily accepted to involve in “**PRADHAN MANTRI SURAKSHIT MATRITVA ABHIYAAN**”:- A new initiative at DRS & Uttur PHC’s, where pregnant lady will be given free health check-up & required treatment for free on 9<sup>th</sup> of every month.

The department is actively involved in teaching and training of undergraduate student since the day of its inception in 1986 and post graduate training since 1996. At present every year department admits 6 candidates for postgraduate degree course and 3 candidates for postgraduate Diploma course.

All postgraduates are trained rigorously in clinical work, patient care as well as research work. The faculty members and postgraduate students of the department are encouraged to actively participate and attend CME, workshops, conferences, seminars, etc.

The department is involved with training of Medical Officers in MCH programme since last 6 yrs (2008). The Department is extending its outreach services to rural population through regular camps conducted once/twice a month at PHCs adopted by Sri Devaraj Urs Medical College viz. Devrayasamundra, Sugutur and Vemgal and also other regular health camps conducted in rural area.

The department is headed by Dr. Sheela.S.R with the strong support of team of four Professors, five assistant professors, five Senior Residents & one Resident

## VISION:

To create a Department of International Standards in patient care, research and urology training.

To make the department "state of the art" Centre for all activities connected with urology.

## INTRODUCTION:

The department of Urology was started in the year 2001. Since its inception the department is fully active in providing advanced tertiary care to urology patient.

It is one of the busiest departments in the hospital performing about 50 surgeries per month.

## Postoperative ward/Surgical ICU

### Operation Theater:

Operations are performed on three working days in 2 theaters.

### Emergency care:

Round the clock emergency care is provided in coordination with the emergency and surgical department of hospital.

### Thrust areas:

- Genito- urinary fistulae
- Reconstructive urology: Urethroplasty
- Laparoscopic & Endo –urology
- Lithotripsy ( ESWL)

## Teaching Faculty:

*Lt. to Rt. : Dr. Girish H, Dr. Mohan K, Dr. Ravish I R, Dr. C S Ratkal, Dr. Govardhan Reddy, Dr. Vinay Patil. Dr. Nipun AC*

The department is now well equipped with modern endoscopic gadgets like flexible ureteroscopy, LASERS , laparoscopy and open surgery ready to start super specialist four year residency programme from 2014-15. Facilities like ESWL & Urodynamic available.

## Inpatient Care:

General ward: Separate male and female urology wards with a bed strength of 20 are available with an occupancy rate of more than 90%.

Special rooms are also available Sharing and single.

## DEPARTMENT OF PSYCHIATRY

### VISION:

To be a state-of-art Psychiatric facility in Kolar providing education, service and conducting research

To be a Centre catering to the psychiatric needs of the community in and around Kolar district

### INTRODUCTION:

The Dept. of Psychiatry was established in 1994 with Dr. K.N Srinivas as the HoD. Initially the Dept. offered basic psychiatric services for the needy patients. In July 2001, Dr. Nagendran S took over the charge as Professor and HoD of the Dept. During his tenure, a separate Psychiatric ward was established with 15 beds.

In February 2013, Dr. Mohan Reddy took over the responsibilities as the HoD. Under his aegis modified ECT's and psychometric assessments were provided for the patients. The Dept. has a steady flow of outpatient-inpatients with more psychotherapies and counseling sessions. The Dept. has the objective of starting postgraduate MD Psychiatry course shortly. The Dept. runs specialty clinics like Child guidance clinic, Geriatric clinic, etc.

The Dept. of psychiatry is in the process of Memorandum of Understanding (MoU) with Nightingales Medical Trust, Bangalore.

## **DEPARTMENT OF OTORHINOLARYNGOLOGY**

### **VISION**

To be one of the best academic centres of otorhinolaryngology, head & neck surgery which imparts knowledge and surgical training in the field.

### **INTRODUCTION**

ENT has emerged as a vital specialized branch that deals with the Surgical and Medical care of patients irrespective of the demographic variations. The field of ENT has diversified enormously with the advent of sophisticated instruments and improved imaging techniques.

Compassionate care and not just cure is the

motto of ENT Department. ENT comprises of two units – one general ENT unit and one unit for Head & Neck Oncosurgery. This department was established in 1986 and has developed over a period of years and is known for being compassionate, attentive and empathetic. ENT department is constantly updating the latest developments in the field, so much so that difficult cases from other places in and around Kolar district as well as from the neighboring states are referred here. Apart from diagnosing and treating serious and complicated illnesses, it is working towards increasing the number of preventive and rehabilitative services offered.

Post graduate courses were started in the year 1997. There is an annual intake of 4 MS (ENT) students and 2 DLO students. The department has also been conducting 2 year Post-Doctoral Fellowship course in Head & Neck Oncosurgery. 2 post MS/DNB candidates from ENT or General Surgery background are admitted for this fellowship each year. ENT ward is 60 bedded with constant bed occupancy of over 90%. OPD runs between 8.30 AM to 4.30 PM with emergency treatment round the clock. Fellowship in oral onco surgery has also been started by this department, enrolling 2 post MDS candidates per year. The department has enrolled 1 part time PhD candidate in oral oncology. The department has enrolled 1 candidate for PhD in audiology in 2017.

### Thrust Areas

- Voice conservation in advanced laryngeal cancer (surgical and non surgical)
- Molecular biology and epigenetics in oral cancer
- Surgical management of locally advanced oral cancers involving infratemporal fossa.
- Endoscopic advanced paranasal sinus and skull base surgery.
- Surgical management of locally advanced thyroid cancers.
- Management of pediatric airway foreign bodies
- Management of complicated otitis media.

## UNIVERSITY DEPARTMENT OF MEDICAL EDUCATION

### VISION:

- To offer High Quality Faculty Development Programs
- High Quality Medical Education at Sri Devaraj Urs Medical College

### INTRODUCTION:

Faculty at the University are the facilitators and mentors for the students. They play an important role in curriculum development and assessment, thus have a pivotal role in shaping the future of the students. An 'effective' teacher will be one who is 'competent' (has knowledge and skill) and is a 'performer' (can use knowledge and skill in a classroom) to accomplish 'teacher goal'. University Department of Medical Education facilitates in strengthening the quality of medical education delivered.

The Medical Education Unit was established in 1997 with Dr. N. Shantharam in-charge of the Unit. It was upgraded to a full-fledged Department- "University Department of Medical Education" in June 2014. Dr. Sarala N is the current Director of the Department.

- Dr. Vinutha Shankar M S, **was a Guest Faculty** at 9<sup>th</sup> PSG-FAIMER Regional Institute Faculty Development Programme in Medical Education, **Coimbatore** from 14<sup>th</sup> -19<sup>th</sup> June 2016
- Dr. Sarala N was **MCI Observer** for Revised Basic Course MET Workshop at Hassan Institute of Medical Sciences and Research, **Hassan** from 5<sup>th</sup> – 7<sup>th</sup> Dec 2016

#### **Faculty with Advance Course in Medical Education:**

Dr. Suresh T N, Professor of Pathology  
 Dr. Sudha Reddy V R, Professor of Paediatrics  
 Dr. KNV Prasad, Professor and HoD Paediatrics  
 Dr. Prasanna Kamath B T, Professor of Community Medicine

## DEPARTMENT OF ALLIED HEALTH SCIENCES

### VISION:

Honing skills of Allied health care professionals for healthy humanity

### INTRODUCTION:

The Department of Allied health sciences (AHS) was established in 2010 as a new initiative to provide courses of vocational nature. The primary focus is to prepare Allied health professionals to perform for the wellbeing of the mankind with commitment and dedication. The Department aims to become a leader in Allied health sciences education and continues to grow and expand its activities.

The Department offers three post graduate, six undergraduate and four certificate programs under Faculty of Allied Health Sciences on obtaining academic and administrative approval by the Academy.

The Department has total students strength of 332 that consists of 311 students from B.Sc. Allied Health science stream, 17 students from certificate in Home care Nursing, 04 students from M.Sc. Medical laboratory technology.

In addition, the Department has established a self-Financing Unit (SFU) of NSS with requisite infrastructure. The NSS Unit volunteers also participated in state level NSS programme in outside the University.

### Thrust areas identified

Proteomics and Enzymology

- Advanced Research in Preeclampsia
- Research on Phytochemicals as therapeutics

### Teaching Faculty

**L-R (sitting)** Dr Harish, Dr. C.D Dayanand, Mr. T. Suresh, **L-R (standing)** Mrs Munilakshmi, Dr. S. Geetha, Miss Pravallika

### List of Teaching Faculty

Name	Designation
Dr. C. D. Dayanand.	Professor & Head
Miss Pravallika	Lecturer in Physiology
Mrs Munilakshmi	Lecturer in Biochemistry
Mr. T.Suresh	Lecturer in Anatomy
Dr Harish	Lecturer in pharmacology
Dr Geetha S.	Lecturer in Pathology

### Achievements / honors / awards / fellowships if any during the year

Faculty: Miss.Mary Shobha Rani Inala-Research Assistant Awarded Prize for BEST PAPER PRESENTATION in Cutting Edge Innovations & Future prospects in Biotechnology held on 27<sup>th</sup> & 28<sup>th</sup> Feb 2017 in Sri Padmavathi Mahila vishvavidhyalayam, Tirupathi.

Conferences Attended	Name of the faculty
South Zone regional Student Research Convention-Anveshan on 2 <sup>nd</sup> & 3 <sup>rd</sup> March 2016	Mary Shobha Rani Inala
South Zone regional Student Research Convention-Anveshan on 15 <sup>th</sup> & 16 <sup>th</sup> February 2017 held at Tumukur University.	Mary Shobha Rani Inala
Cutting Edge Innovations & Future Prospects of Biotechnology on 27 <sup>th</sup> & 28 <sup>th</sup> Feb 2017 at Sri Padmavathi Mahila Visvavidhyalayam, Tirupathi.	Mary Shobha Rani Inala

Papers presented : oral presentation	Name of the faculty
Anti-bacterial activity of flavonoids isolated from <i>Pongamia pinnata</i> Linn on multi-drug resistant gram negative bacteria in "in South Zone regional Student Research Convention-Anveshan on 15 <sup>th</sup> & 16 <sup>th</sup> February 2017 held at Tumukur University.	Mary Shobha Rani Inala Dr.C.D.Dayanad Dr.P.M. Beena Dr.A.V.M.Kutty
Preliminary phytochemical analysis and antibacterial activity of <i>Allium cepa</i> L springs on <i>Pseudomonas aeruginosa</i> in Cutting Edge Innovations & Future Prospects of Biotechnology on 27 <sup>th</sup> & 28 <sup>th</sup> Feb 2017 at Sri Padmavathi Mahila Visvavidhyalayam, Tirupathi. <b>Awarded Prize Best Poster Presentation</b>	Mary Shobha Rani Inala Kiranmayee P

#### Research projects (Completed):

Project No.	Title of the research project	Principal Investigator & Co Investigator
SDUAHER/KLR/R&D/39 / 2017-18	Flavonoids- A phytochemical constituent used for growth suppression of Pure culture & Clinical isolate of <i>Acinetobacter baumannii</i>	Mary Shobha Rani Inala Dr CD Dayanand Dr PM Beena

#### Research projects (On going):

Project No.	Title of the research project	Principal Investigator & Co Investigator
SDUAHER/KLR/R&D/39/2017-18	Evaluation of Antibacterial activity of flavonoids on Multi drug resistant gram negative bacteria.	CD Dayanand,

### MD/MS Dissertations / Ph.D. thesis (2016-17 batch)

Name of the student	Guide	Co-guide (if any)	Topic
<b>Dr Shilpa</b> MS dissertation	Dr. Munikrishna	Dr C.D.Dayanand	Serum Vitamin D levels in term pregnancy
<b>Jyothi A</b> MD Dissertation	Dr.Sudha Reddy	Dr C.D.Dayanand	Association of serum vitamin D levels with severity of acute respiratory tract infections in children

### Publications (April 2016 to March 2017):

Title of the paper	Authors	Journal	Departments
Relationship between Xanthine Oxidase, Ischemia Modified Albumin, Nitric Oxide with Antioxidants in Non-Pregnant, Pre and Post-delivery of Normal Pregnant and Preeclampsia.	Vanishree B, CD Dayanand,	Indian Journal of Clinical biochemistry 2016/DOI 10.1007/s12291-016-0599-0.	Biochemistry & Allied Health Science
Relationship between plasma elastase, phospholipaseA2 and high sensitivity C - reactive protein in non Pregnant, pre and post-partum of normal Pregnant and preeclampsia	Vanishree B, CD Dayanand, SR Sheela	Asian Journal of Pharmeceutical and clinical research. 2017; 10(1):317-20.	Biochemistry & Allied Health Science
Evaluation of xanthine oxidase inhibitory activity by flavonoids from <i>pongamia pinnata linn</i>	Vanishree B, CD Dayanand, SR Sheela	Asian Journal of Pharmeceutical and clinical research. 2017; 10(3):1-3.	Biochemistry & Allied Health Science
Association of serum vitamin D levels with severity of acute respiratory tract infections in children from an area with abundant sunlight	Dr.Jyothi A Dr.Sudha reddy Dr.C.D.Dayanand	International Journal of Current Research 2017, 49371-49376	Department of Pediatrics & Allied Health Sciences

### Publications (April 2016 to March 2017): Accepted for Publication

## RESEARCH AND DEVELOPMENT

### VISION:

To Strive and become an advanced centre for research in medical and allied fields

### INTRODUCTION:

After the conferment of a Deemed to be University status to Sri Devaraj Urs Academy of Higher Education and Research in 2007, it was necessary to strengthen the area of research to meet and sustain the concept of the university status by way of generating new ideas and knowledge. To achieve this, the Research and Development wing was established in the year 2008 to coordinate all the research related activities of the Academy. Research and Development section identifies and motivates the staff of the Academy to engage in research and publish the findings in quality national and international journals. In order to accomplish the goal the University has constituted the following committees

1. University Research Advisory Board
2. Central Ethics Committee
3. Research & Development Committee

The university has a Central Ethics Committee constituted as per Drugs and Cosmetics rules - 1945 and is registered with Drug Controller General of India (Notec/425/Inst/KA2013/RR13).

### Thrust areas

- Molecular studies in congenital malformation
- Oral cancer research
- Community health research- cervical cancer, fluorosis, health status of gold miners
- Proteomics
- Treatment protocol development in cardiac arrest.

### Present Administration:

Name	Designation
Prof.C.V.Raghuveer	Vice Chancellor
Dr.A.V.M.Kutty	Registrar and Dean of Allied Health Sciences and R&D
Dr. PR Krishnaswamy	Scientific Advisor, SDUAHER
Dr.T.N Suresh	Co-ordinator, R&D

## 7<sup>th</sup> Research Methodology Workshop

### Workshop on “Writing a Scientific article for Publication” on 25/3/2017.

### New approved University Funded Research Projects.

Title of the project	Investigators Detail
Attenuation of pain due to protocol intravenous injection by pre-treatment with ondansetron and lignocaine: randomized study.	Dr. Bhuvana K Associate Professor Pharmacology
Comparative study of intraregional BCG and PPD in the treatment of multiple cutaneous warts.	Dr. Rajashekar T.S Professor & HOD, Dermatology
Early detection of cardio toxicity in organ phosphorus poisoning.	Dr. Raveesha .A Professor General Medicine
Association between subclinical hypothyroidism and diabetic retinopathy in type 2 diabetic patients.	Dr. Raghavendra Prasad Professor General Medicine
Influence of Serum levels of Vitamin D on insulin sensitivity in patients with type 2 Diabetes Mellitus	Dr. Raghavendra Prasad Professor General Medicine

Association of serum iron indices with Insulin Resistance Index in glycemic off-springs of diabetics and non-diabetics.	Dr. Shobha M.V. Assistant Professor Physiology
Effectiveness of saturated salt solution to embalm cadavers in comparison to Thiel solution and formalin solution for surgical skill training.	Dr. Ashwini .N.S. Assistant Professor Anatomy
A study of life style modification with and without metformin in prediabetes subjects.	Dr. Asha.B Associate Professor Pharmacology
Evaluation of clinical, histomorphological and immunohistochemistry markers in oral squamous cell carcinoma with nodal metastasis.	Dr. TN Suresh Professor Pathology
Screening of bactericidal action of flavonoid components from seed extracts of Pongamia pinnata Linn against Multidrug resistant gram negative bacteria.	Ms. Mary Shobharani Research Assistant Allied Health science
Synthesis, characterization and cytotoxic influence of Allamanda cathartica latex green nanoparticles on lymphocytes.	Dr. Kiranmayee. P Scientist D Cell biology & molecular Genetics

## DEPARTMENT OF CELL BIOLOGY AND MOLECULAR GENETICS

### VISION

‘Creating Knowledge and Skills in Human Genetics, Cell and Molecular Biology for a Healthy Humanity’

### INTRODUCTION:

The Department of Cell Biology and Molecular Genetics was established in 2012 under the faculty of Allied Health sciences. The faculty and staff of the Department are actively involved in the research programmes in the Genomics and Central Research laboratory. The Department has received recognition from the Department of Health Research, Ministry of Health and Family Welfare, Govt. of India through a Grant-in-Aid scheme for training faculty and scientists of Medical Colleges and Research Institutes in the area of Genetics. The objective of the scheme is to build capability for research in Medical Institutions in India. A sum of Rs. 26.7 lakhs has been awarded for conducting the programme.

### Thrust area identified:

- Congenital malformation in children
- Congenital Heart Disease
- Oral cancer
- Preeclamptic Toxemia
- Immunogenetics
- Pharmacogenomics
- Anticancer compounds from plants
- Proteins of therapeutic interest

### Teaching Faculty:

L-R Seated: Dr. Kiranmayee P., Dr. Sharath B.  
L-R standing: Mrs. Divya C., Mr. Jagadish T.V., Mrs. Deepa R.

### Teaching Faculty:

Name	Designation
Dr. A. V. M. Kutty	Professor & Dean
Dr.P.R.Krishnaswamy	Emeritus Professor
Dr. Sharath B.	Assistant Professor
Dr. Kiranmayee P.	Assistant Professor
Dr. Mitesh Shetty	Visiting Faculty
Mrs. Divya Bose	Research Assistant
Mr. Vaigundan D.	Research Assistant
Mrs. Deepa Rajesh	Research Assistant
Mr. Jagadish T. V.	Research Assistant

Dr.P.R.Krishnaswamy  
Emeritus Professor

### Details of programmes conducted/attended as below

Date	Conferences attended	Name of the faculty
20 Jun'17	'Biology and Molecular Pathogenesis of Viruses' Organised by: Department of Microbiology and Cell Biology, Indian Institute of Science, Bangalore.	Dr. Kiranmayee P.
27 – 28 Feb'17	'Cutting Edge Innovations & Future prospects of Biotechnology.' Organised by: Department of Biotechnology, Sri Padmavati Mahila Visvavidyalayam, Tirupati.	Dr. Kiranmayee P.

Date	Workshop conducted
19 Mar – 20 Apr 2017	'2 <sup>nd</sup> National Training Programme on Techniques in Genetics' Sponsored by: Dept. of Health Research, Ministry of Health & Family Welfare, Government of India.

Date	Workshops Attended	Name of the faculty
10 – 11 Dec 2016	'Advances and Challenges: Clinical Applications of ccf DNA.' Organized by: Institute of Bioinformatics and Applied Biotechnology, Bangalore.	Dr Sharath B.

## DEPARTMENT OF INTEGRATIVE MEDICINE

### VISION:

To make the department as a Center of Excellence in the field of Integrative Medicine through education, research and clinical services.

### INTRODUCTION:

Integrative medicine is reflects in the definition of health. The World Health Organization (WHO) defines health as “a state of complete physical, mental and social wellbeing and not merely the absence of disease or infirmity.”

Integrative medicine seeks to restore and maintain health and wellness across a person’s lifespan by understanding the patient’s unique set of circumstances and addressing the full range of physical, emotional, mental, social, spiritual and environmental influences that affect health. Through personalizing care, integrative medicine goes beyond the treatment of symptoms to address all the causes of an illness.

In doing so, the patient’s immediate health needs as well as the effects of the long-term and complex interplay between biological, behavioral, psychosocial and environmental influences are taken into account.

In the year 2013, Dept. of Community Medicine, conducted ‘SAMANVAYA - a conference on Alternative Medicine’ which had brainstorming sessions on Ayurveda, Yoga, Unani, Siddha and Homeopathy (AYUSH) by eminent speakers from different specialty, which led the foundation for Integrative Medicine by upgrading the existing division of Yoga in Sri Devaraj Urs Academy of Higher Education and Research (SDUAHER), Kolar under the faculty of Allied Health Sciences. As far as our knowledge SDUAHER, is the first University to introduce Yoga in the medical and nursing curriculum.

**Speaker: Dr. Thimappa Hegde**, Head, Narayana Institute of Neurosciences, Bengaluru, Topic: Discovering Purpose , **Speaker: Dr. Nitin Patil**, Asst. Prof. and In-charge, Dept. of Integrative Medicine, SDUAHER, Kolar, Karnataka, Topic: Yoga Therapy – An Evidence Based Complementary and Alternative Medicine, **Speaker: Dr. Prabhakar K.**, Prof. & HOD, Dept. of Medicine SDUMC, Kolar, Karnataka, Topic: Yogic Management of Type II Diabetes Mellitus

## CENTRE FOR CLINICAL SKILLS AND SIMULATIONS (SKILL LAB)

### VISION:

“To create a complete medical professional, capable of imparting essential clinical skills to enhance safety during patient care”

### INTRODUCTION:

Learning is a continuous process in the field of life science. A clinician has to undergo training to upgrade his/her skills periodically to keep pace with the advances in medicine and changes in protocols. Availability of resources to practice in terms of patient and the issues related to perfection of skills is answered by practicing on manikins under supervision of a skilled certified trainer.

Simulation is now rapidly becoming an important and integral adjunct to Medical Education and training. The need to professionalize Medical Education and training has seen the advent of Medical Simulators and Manikins as a preferred choice for training. Simulation has made it possible for an Apprentice to acquire, practice and become proficient on demand, besides meeting the critical requirements of various clinical competencies.

### Centre for Clinical Skills & Simulations Monitoring committee (CCSS)

**Sitting (L to R):-** Dr. K.C Prasad, Dr. A. Raveesha, Dr. K. Dinesh, Dr. A. Bhaskaran (Director),

Dr. M. Ravi, Dr. V.R Sudha Reddy, Dr. E. Gomathy,

**Standing (L to R):-** Dr. N.S Sridevi, Dr. N. Savitha, Dr. Talasila Sruthi, Dr. T. Sangeetha, Dr. S.V Srinivas, Dr. T. Sumanth, Dr. S.M Murali, Dr. B.K Pavan. Dr. S. Hariprasad, Dr. Vikranth

The primary focus of this laboratory is to provide training to Undergraduates, Postgraduates, Interns, Nursing Staff, Medical faculty and paramedical personals in various diagnostic and procedural skills with the aid of simulators and manikins.

CPCR programs are being initiated to train interns, post graduates, staff Nurses and paramedical personals, which enable them to apply proper resuscitation methods in practice. CPCR programs are regularly conducted by a team of Anesthesiologists and Intensivists. So far about 3000 participants have undergone training in CPCR.

The Basic surgical skills include, suturing and knotting techniques, various procedural skills and training on Endotainers to develop laparoscopic skills.

### Following are some the skills facilitated by the Skill Lab

1. Suturing and knotting.
2. Laparoscopic Skills.
3. Intestinal/vascular anastomosis.
4. Tendon repair.
5. Principles of fracture fixation.
6. Neonatal resuscitation.
7. Optical functions of the eye.
8. Otoscopy/laryngoscopy/rhinology
9. Catheterization.
10. Abdominal/thoracic paracentesis.
11. Endotracheal/Nasogastric intubation.
12. CVP/chest tube insertion.
13. CPCR Training.
14. Labour techniques

### VISION:

Our vision is to strengthen public health institutional and systems capability and provide knowledge to achieve better health outcomes for all.

To create an equitable, integrated, decentralized, responsive and participatory health system within a just and empowered society.

### INTRODUCTION:

Unlike Medicine which is mainly concerned with treatment of disease in sick individuals, Public health is the art and science of preventing disease, promoting health and maintaining health of population. The health of people is not only determined on health care services but also on human behaviour, nutrition, physical and biological environment, social and economic conditions, genes, etc. Hence the science of

public health is interdisciplinary in nature and involves the study of various disciplines such as epidemiology, biostatistics, demography, medicine, microbiology, nutrition, biochemistry, genetics, social and behavioural sciences and management sciences. Public Health personnel typically are involved in assessing the health status of population and in planning, implementation and monitoring of programmes to improve the people's health. They study disease epidemics and take measure to control them. They work at administrative and managerial levels in health organizations of Government, Private, NGO's and International agencies like WHO, UNICEF, etc. They are also employed in health research agencies and in academic institutions of public health.

## DEPARTMENT OF HEALTH SCIENCES LIBRARY & INFORMATION STUDIES (HSLIS)

### VISION:

The SDUAHER University Library and Learning Resource Centre links the academia with (students, teachers & research scholars)

Reliable health sciences knowledge and technology for supporting effective learning, achieving quality health care, vital scientific research and community service.

### INTRODUCTION:

The library meets the information needs of the faculty and students. It is housed in the ground and first floor of the silver jubilee building in the campus. The library is centrally air conditioned and well-furnished for users. The library has Wi-Fi facilities to browse and access the resources. The library is serving as a medical learning resource center, support to research, educational and clinical needs of the students, and faculty and research scholars of the university. The Library is kept open on all working days from 8.30 AM to 10.00 PM. and all general holidays, Sundays and 2nd Saturday from 9.00 AM to 2.00 PM

### Library Staff

Mr. Prakash	Senior Librarian
Mr. Deveraj B.V	Assistant Librarian
Mr. Gangareddy A	Assistant Librarian
Ms. Udayavani G	Assistant Librarian
Ms. Arshiya	Postgraduate Student
Ms. Baseera	Postgraduate Student

Currently, the collection of the library consists of 25244 volumes of books, 10832 back volumes (journals) and 1165 compact discs (CD). The library subscribes 53 foreign titles of current journals, 99 Indian journals. The library has well equipped digital library with 1Gbps Internet bandwidth and 40+ computers, printer's, scanners, and SPSS software to facilitate the users using ICT infrastructure in enhancing their reference based research work. 1299 new books were added to the library collection during the year.

### THRUST AREA:

Design & Development of exclusive website of ULLRC and provide value added services through the website.

#### Value added services

- Library news and announcement
- Added e-resources to website
- Subject getaway of health science resources

## Library Services

- Lending of Books
- Reference Service
- Document Delivery Service
- Internet Training
- Reprographic Service

### INTERNAL QUALITY ASSURANCE CELL (IQAC)

IQAC of SDUAHER was reconstituted on 12th April 2016 following the NAAC accreditation of the university in the first cycle on 16th November 2015. The IQAC structure aims to bring about stakeholder involvement at all levels of university and departments to ensure sustenance of quality and its enhancement. The IQAC is constituted with administrators, deans,

principal, directors, administrative heads of units and nominees from society, alumni and industry.

The university IQAC meets every quarterly for deliberating on quality developmental issues related to academics, research and administration and escalating suggestions to the departments and university.

### IQAC OBJECTIVES

- To review the proceedings of various committees, boards and departments to identify the quality issues in teaching, learning, evaluation and research and to facilitate its discussion in relevant bodies for quality enhancement.
- To facilitate actions based on the feedback obtained from students, parents and other stakeholders to improve quality of teaching, learning, evaluation and student support.
- To develop attainable benchmarks for the academics, research and administrative activities.
- To conduct quality enhancement activities through workshops, seminars and discussions periodically for all stakeholders.
- To document all information pertinent to generation of AQAR and ensure accurate updated information is disseminated.
- To generate and implement good practices at university, college and departmental levels.
- To evaluate the outcomes of the academic, research, health care services and administrative activities of the university and facilitate its inclusion in to their planning.

## DEPARTMENT OF INFORMATION & COMMUNICATION TECHNOLOGY

### VISION:

- Providing modern and reliable technology resources to faculty, staff and students to support the mission of the institution optimally.
- Setting bench mark in provision of quick service to the dependent clientele

### INTRODUCTION:

The Department of Information and Communication Technology was established in the year 2013 to cater to the ever augmenting needs of the university. From the inception itself, the department has provided round the clock quality IT services to various

departments in the academy, medical college, hospital and their ancilliary facilities. Over a period of time a large variety of IT equipment have been procured and infrastructures have been laid. The entire campus is now WiFi enabled with a robust LAN scheme in place. Qualified IT personnel are employed and certain IT services are outsourced from time to time.

As a part of continuous upgradation effort, expertise of TATA Consultancy Services has been roped in for online monitoring and preservation of information pertaining to teaching learning activities, research, administrative activities and financial records.

### Services Provided to SDUAHER/SDUMC/RLJH&RC

1. Multiple servers and 300 + nodes are maintained by the ICT Dept.
2. Network services related to accounts, file storage, print management, wireless access, telephony and other technology services.
3. Hospital Information system for RLJH & RC
4. Infrastructure provided for College Management Software (TCS).
5. Maintenance of CCTV, Biometric Attendance System and E- podium systems.

## HOSTEL FACILITIES

Sufficient hostel accommodations are available for both male and female students. All the rooms are suitably furnished with modern facilities to provide the students with the best ambience for studies as well as recreation.

While for the men there are four hostels, namely, UG Men's Hostel, NRI Men's Hostel, PG Men's Hostel & Intern's Men's

Hostel for women there are five, i.e. Junior Ladies Hostel, Senior Ladies Hostel, NRI Ladies Hostel, PG Ladies Hostel & UG Ladies Hostel.

There are certain common facilities like Indoor Gymnasium, Reading Rooms and TV Rooms. All hostels are fitted with solar water heating facility. For provisioning of safe and wholesome drinking water RO equipment and water coolers have been provided in each hostel.

Hostel Committee under the chairmanship of the Principal exercises over all control of the hostels. Day-to-day management is effected through the respective hostel wardens who are chosen from the faculty. Hostel committee consists of student representatives who meet regularly and decide upon the mess menu and other requirements for the hostels for a comfortable stay.
