Background / Introduction

The Department of Allied Health Sciences of SDUAHER conducted a National Level webinar on “Global Challenges of Allied Health Care Professionals” on 15/12/2023 on Zoom platform using the below link

<https://zoom.us/j/92749326417?pwd=RUtnK1Jkb2dBQVh1eHBwczRyYndzOj09>.

Allied health care professionals play a critical role in providing quality health care. Hence, improving the skill, training and capacity building of such work force is of crucial. Thereby, they complement the skills of doctors and nurses in the therapeutic and diagnostic realms of medicine in the health care delivery system.

Presents
National Level Webinar
On
“Global Challenges of
Allied Health Care
Professionals”

Date: 15th Dec 2023
Venue: Library AV Hall, First Floor, SDUAHER
Mode: Hybrid Mode

Department of Allied Health Sciences
Sri Devaraj Urs Academy of Higher
Education and Research
(A Deemed to be University)

Dear Sir/Madam,
The Department of Allied Health Sciences (AHS) of Sri Devaraj Urs Academy of Higher Education and Research, Kolar is pleased to extend an Invitational Letter on “Global Challenges of Allied Health Care Professionals”.

The world today faces a heavy burden of disease with many challenges. Allied Health Care professionals (AHPs) can play a major role in providing health services as can be seen in diagnostic laboratories, blood banks, dialysis units and operation theatres.

AHPs should be technically as well as scientifically perfect. However, in many countries there is a lack of a central regulatory body, rules and norms are widely in institutions and institutes such as entry level qualifications, level of skills, course contents, etc. of allied health care.

This Webinar aims to bring about the challenges faced by Allied Health Care professionals as they have an immense impact on the medical care system.

Organizing Committee
Dr. C.D. Dayanand, Dean F&B & B5
