

No.SDUAHER/KLR/UCHPE/ 60/ 2023-24

Date: 15.11.2023

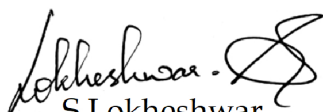

Name of the event: Observation of Nation Education Day 2023

Date of the event: 11 November 2023

Name of the department: University Centre for Health Profession Education

Sl. No.	Event Report
1	Level of the event National level
2	Background / Introduction National Education Day is observed in India on November 11th every year to commemorate the birth anniversary of Maulana Abul Kalam Azad, the first Education Minister of independent India. Celebrated since 2008, this day aims to highlight the importance of education and its role in shaping the future of the nation. Maulana Azad was a prominent freedom fighter, scholar, and a key architect of the Indian education system. National Education Day serves as a reminder of his contributions and encourages people to prioritize education as a fundamental tool for individual and societal development. Theme of this year – “To invest in people, prioritize education”. Topic of the webinar – “Advancing Health Professions Education: Insights and Innovations from Research”
3	Venue Online - Zoom platform
4	Sponsors SDUAHER
5	Inauguration Mr. Lokheshwar, Asst. Professor, Department of Speech Pathology and Audiology welcomed the gathering and briefly explained about National Education Day and Vinutha Shankar, Director, UCHPE introduced and welcomed the speaker for the day
6	Speaker Dr. Padmavathi R, Professor, Department of Physiology, Former Associate Dean – PG studies, Sri Ramachandra Institute of Higher Education & Research (SRIHER), Chennai
7	Participants & Delegates in Number A total of 29 participants attended the webinar on Zoom
8	Awards / Prices Nil
9	Valedictory The program ended with a vote of thanks by Dr. Vinutha Shankar, Director, UCHPE
10	Any other information The session centered on Health Profession Educational Research, probing into

crucial aspects like the significance of educational research and specific opportunities such as OSPE/OSCE, patient safety, and problem-based learning. A particular emphasis was placed on the qualitative research process, outlining steps and considerations. The speaker also touched on the essential role of investigators, discussing the qualities vital for effective research. The presentation concluded by highlighting diverse avenues for disseminating research findings, ranging from academic journals to conferences. This concise overview aimed to equip participants with key insights into health profession educational research, offering a roadmap for meaningful contributions to the field and healthcare education advancement.

Advancing Health Professions Education- “Insights and Innovations from Research”

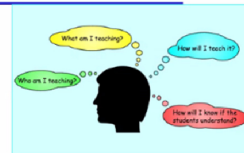

The National Education Day Theme for 2023 is “Innovative Learning for a Sustainable Future”

Objectives

At the end of the session, the participant should be able to:

- Identify the need/purpose of Health Profession Educational Research
- State how Health Profession Educational Research is different
- Identify the Opportunities and Challenges in conducting research in Health Profession Education
- Understand the role of students (stakeholders) in Health Profession Educational Research

Recording... Dr Padmavathi R is talking... 00:32:54

Educational Research - Role of the Students (Stake holder)

Students play a crucial role as stakeholders in medical educational research. Their experiences, perspectives, and feedback are valuable in shaping the quality of medical education

Area	Feedback
Well-being and Support:	<ul style="list-style-type: none"> Student well-being is essential for effective learning. They can contribute insights into the support systems in place, suggesting ways to improve mental health support, counseling services, and overall student well-being.
Admissions and Diversity:	<ul style="list-style-type: none"> Students can contribute to discussions about the admissions process, ensuring that it is fair, transparent, and promotes diversity within the medical student population.
Clinical Experiences	<ul style="list-style-type: none"> In health profession education, hands-on clinical experiences are crucial. Students can provide feedback on the quality of their clinical training, suggesting improvements and identifying areas for enhancement.

Dr.Padmavathi.R, SRMC & RI 6

Participant list: Galaxy ASOs, Chandini, Sarala N, Yogesh Nerkar, R Bharath, M Abhijith

Recording... Dr Padmavathi R is talking... 00:39:07

Why - Educational Research- The NEED

MEDICAL COUNCIL OF INDIA
COMPETENCY BASED UNDERGRADUATE CURRICULUM FOR THE INDIAN MEDICAL GRADUATE
VOLUME - I (2018)

Knows: Evaluate, Describe, Observe, Demonstrate, Assess
 Performs: Analyze, Integrate, Communicate, Interpret, Collaborate
 Attitudes: Empower, Communicator, Team Leader, Professional, Responsible, Lifelong Learner
 Skills: Analyze, Integrate, Communicate, Interpret, Collaborate

- Foundation course, ECE
- Competency Book
- Integration – Horizontal and Vertical
- AITo, AETCOM. Skills lab
- Assessment Changes
- Family adoption program
- Change in duration in each phase

OUTCOME Basic Doctor who is

- Holistic Clinician
- Leader – health team
- Communicator /Counselor
- Life-long learner
- Professional

Pre-reg year: Attitudes, Skills, On-the-job learning
 Phase 3 Years 4 & 5: Clinical practice
 Phase 2 Years 2 & 3: Abnormal structure function and behaviour
 Phase 1 Year 1: Normal structure function and behaviour
 Clinical Methods, Ethics, Health Promotion
