CME - DEPARTMENT OF RESPIRATORY MEDICINE

Dear delegates,

On the occasion of **World TB Day 24th March 2024**, the department of Respiratory Medicine in association with NTEP is celebrating World TB Day on 27th March, 2024. The theme of World TB Day 2024 - **'Yes! We can end TB!'** - conveys a message of hope that getting back-on-track to turn the tide against the TB epidemic is possible through high level leadership, increased investments and faster uptake of new WHO recommendations. Following the commitments made by Heads of State at the UN High Level meeting in 2023 to accelerate progress to end TB, this year WHO focuses on turning these commitments into tangible actions, and so do we. Let us come together to actively take forward the mission and do our bit. Come join us in the CME on -
