

Dear Sir/Madam,

Greetings from the Department of Psychiatry, SDUMC, Kolar.

The International Day against Drug Abuse and Illicit Trafficking, or World Drug Day, is marked on 26th June every year to strengthen action and cooperation in achieving a world free of drug abuse.

The aim of this year's campaign is to raise awareness about the importance of treating people who use drugs with respect and empathy; providing evidence-based, voluntary services for all; offering alternatives to punishment; prioritizing prevention; and leading with compassion. The campaign also aims to combat stigma and discrimination against people who use drugs by promoting language and attitudes that are respectful and non-judgmental.
