**“RECENT ADVANCES IN STROKE  
MANAGEMENT ”**

**Date:** 04/07/2024

**Time:** 10:30 A.M to 01.00 P.M

**Venue:** William Osler Hall  
(Physiology A. V Hall) SDUMC

## **Program Description**

Stroke is the important cause of mortality and morbidity. In recent years, several landmark trials have transformed acute ischemic stroke care.

With the technological advances in acute stroke care, many more patients with the most severe strokes can receive treatments that can reduce death and disability from the disease. Endovascular intervention with mechanical thrombectomy has been shown to improve functional outcomes in select patients with severe stroke and large artery occlusion in the anterior cerebral circulation.

Knowledge about recent advances in management of Stroke can reduce mortality and morbidities in Stroke Patients.

## **Speakers:**

- **Dr.NK.Venkata Ramana**  
Founder Chairman and Director  
Neuroscience of BRAINS Hospital.  
Founder & CMD Brains Super Speciality Hospital
