DEPARTMENT OF ANAESTHESIOLOGY

Academic Year: - 2025

Sl. No.	Event Report- Department of Anaesthesiology CME held on 28.06.2025	
1	<b>Name &amp; Level of Event</b> Annual State Level CME – Perioperative Emergencies	
2	<b>Background / Introduction</b> Perioperative emergencies refer to critical situations that can arise during the pre-operative, intra-operative, & post-operative periods. Recognizing that many of these emergencies are related to the cardiovascular system, airway management, & obstetrics, this CME is dedicated to enhancing our preparedness. Anesthesiologists must be adept at recognizing these emergencies promptly & managing them effectively to ensure optimal patient outcomes. This CME aims to provide valuable insights, share updated protocols, & foster discussion on best practices in managing such critical events.
