

**SRI DEVARAJ URS ACADEMY OF HIGHER  
EDUCATION AND RESEARCH**

Bachelor in Audiology and  
Speech Language Pathology

**BASLP**

**ADMISSION**

**Department of Speech Pathology and Audiology**

## ABOUT THE ACADEMY

Sri. R L Jalappa, a champion of co-operative movement in the state of Karnataka, established the Sri Devaraj Urs Educational Trust for backward classes in 1984. The Trust established the Sri Devaraj Urs Medical College at Tamaka, Kolar in 1986. Sri R L Jalappa Hospital, another institution established by the Trust, and the Sri Devaraj Urs Medical College together addressed the needs of the population in and around Kolar district, more particularly the oppressed class of the population. The Ministry of Human Resource Development, Government of India conferred 'deemed to be University' status to the Sri Devaraj Urs Academy of Higher Education and Research under Section 3 of UGC Act 1956 on 25th May 2007 (vide letter No. F.9-36/2006-U 3(A) dated 25th May 2007). The lush green campus of the University, spread over an area of more than 72 acres of land, houses the medical college, hospital, administrative offices, university and affiliated departments, canteens, and hostels. Currently, university has two faculties of studies, namely, Faculty of Allied Health and Basic Sciences and Faculty of Medicine.

# DEPARTMENT OF SPEECH PATHOLOGY AND AUDIOLOGY

The department was established on 20th June 2018 under the faculty of Allied health and Basic Sciences, Sri Devaraj Urs Academy of Higher Education and Research. The objective of the department is to provide professional training and clinical services of the highest standard. The field of speech and hearing is concerned with the diagnosis and management of communication disorders. Sri Devaraj Urs Academy of Higher Education and Research has established a new Department of Speech Pathology and Audiology. It is hoped that those affected with speech and hearing disorders in and around avail our clinical services. The department would be offering many innovative clinical programs encompassing the state of technology for the benefit our population

## VISION

To be a part of the world body of experts in the field and shape programs and policies relating to speech and hearing in the country.

## MISSION

- Establish state of the art diagnostic and therapeutic facilities for persons with speech-language and hearing disorders
- Interdisciplinary research in the area of speech and hearing
- Understand and integrate the physical, physiological, psycho-social, behavioral and metaphysical aspects of the entities of speech, language, and hearing
- Evolve guidelines and policy framework for national programs in the area of speech and hearing
- Promote literacy, educate public and NGOs on the medical and social aspects of disability
- Encourage the public on the virtues of advocacy groups.

## WHY BASLP?

The Bachelor of Audiology Speech and Language Pathology (BASLP) is a specialized degree program designed to equip candidates with the necessary skills and knowledge to assist patients dealing with hearing, speech, and language disorders. Upon completion of the BASLP course, graduates can pursue entry-level positions as audiologists and speech therapists in treating patients. Additionally, BASLP graduates have the option to further their education by pursuing a master's degree in a related specialization.

## ABOUT THE PROGRAM

Bachelor of Audiology Speech Language Pathology is an undergraduate program focusing on core subjects of Speech pathology, Language pathology and Audiology. A number of allied subjects are also taught like linguistics, electronics, acoustics, psychology and statistics. The program also focuses on a number of basic and clinical medical subjects like anatomy, physiology, pathology otolaryngology, neurology and pediatrics that provide a foundation for understanding the bases of speech, language and hearing processes.

This is a graduate level course supported by classroom lectures, demonstrations, seminars, workshops, journal clubs and clinical conferences. The program consists of 3 years of both theoretical and clinical work followed by one year of clinical internship. The clinical internship is exclusively for clinical work at the parent as well as other speech and hearing institutions.

**Duration of the Program: 3 years + 1 Year Internship**

## CAMPUS LIFE

SDUAHER is a vibrant campus both academically and culturally with residential amenities. People from all over India and outside enjoy their stay in this green campus, where trees and plants are in abundance providing the much-needed natural backdrop. The academy provides a safe, secure atmosphere which is basic to free expression and movement for learning. The campus atmosphere - academics, extra-curricular activities and the serene helps students develop a holistic personality. Located on either side of the national highway 275, the two sprawling campuses provide opportunities for everyone in sports, culture and academics. Life at SDUAHER is never standstill.

## HOSTEL

The student's hostel is part of Sri Devaraj Urs Medical College, a constituent institution of Sri Devaraj Urs Academy of Higher Education and Research (SDUAHER) that provide accommodation to the students wishing to reside in the hostels. Hostels are independent units with respect to its internal administration under the overall supervision of the council of Wardens & Hostel Management. The hostels are situated within the campus and have separate hostel office and mess within the hostel premises.
