MESSAGE

Shri G H Nagaraja
Hon'ble Chairman, SDUET
The Chancellor, SDUAHER

On the occasion of our Hospital Day and Founder's Day on 19th October 2024, I extend my heartfelt gratitude and best wishes to each one of you. This day is just not a celebration of our hospital's legacy, but a reminder of the vision and dedication of our founder, Sri R L Jalappa, whose principles continue to guide us towards excellence in healthcare and education.

Our journey has been an unwavering commitment to providing quality healthcare services and fostering a culture of compassion, integrity, and innovation. This year, as we mark another milestone, we reflect on our accomplishments, the challenges we have overcome, and the future that lies ahead. Our hospital has grown in its capacities, expanding specialties and embracing the latest advancements in medical care, thanking all our doctors, nurses, non-teaching staff, and students for their dedicated efforts.

As we celebrate this day, let us reaffirm our commitment to the well-being of our community. The path ahead is filled with opportunities to make a positive impact, and together, we will continue to uphold the values that define R L Jalappa Hospital.

Once again, I extend my deepest appreciation to everyone who has been instrumental, to the success of our hospital.

MESSAGE

Shri Rajendra J
Hon'ble Vice-Chairman, SDUET

As we gather to celebrate Hospital Day and Founder's Day on 19th October 2024, I am filled with immense pride and gratitude for the journey we have undertaken together. This day holds special significance as it commemorates the vision of my beloved father, whose enduring legacy continues to inspire us in every step we take.

Over the years, R L Jalappa Hospital has become a beacon of hope and healing, not only for the community we serve but for the countless individuals who have been at our doors. Our progress as a healthcare institution stands as a testament to the dedication of our medical and administrative teams, whose tireless efforts ensure that our patients receive the highest standard of care.

As we look ahead, let us continue to build on the strong foundation laid by our founder. We must embrace new challenges, innovations in our practices, and work collaboratively to ensure that R L Jalappa Hospital remains at the forefront of healthcare excellence.

I extend my heartfelt thanks to all the members of our hospital family - our Doctors, nurses, non-teaching staff, students, and supporters for their commitment and service. Together, we will continue to expedite the mission of this esteemed institution.

MESSAGE

Shri K.G Hanumanth Raju
Hon'ble Secretary, SDUET

As we unite to celebrate Hospital Day and Founder's Day on 19th October 2024, I am honored to acknowledge the tremendous contributions that have shaped the success and growth of this esteemed institution. Today, on this occasion we honour our founder, Sri R L Jalappaji, for his visionary leadership and we are also indebted to recognize the dedication of every individual who has been a part of this remarkable journey.

R L Jalappa Hospital has become synonymous with excellence in healthcare, driven by a shared mission to serve our community with compassion, integrity, and expertise. It is the commitment of our healthcare professionals, staff, and students that has allowed us to reach new milestones and continue our legacy of providing comprehensive care to all who seek it.

As we celebrate our achievements today, let us look forward to the future with renewed energy and purpose. Together, we can continue to uphold the values that define us, ensuring that our hospital remains a symbol of hope and healing for generations to come.

I extend my deepest gratitude to all of you for your hard work and dedication. Let us move forward with the same spirit of unity and determination that has brought us this far.

MESSAGE

Shri. Rajesh Jagadale
Hon'ble Trustee, SDUET

I am glad to know that R. L. Jalappa Hospital & Research Center, is celebrating its Hospital Day on 19th October 2024. Celebration of the Hospital Day is a historic occasion and marks the 99th Birth Anniversary of its Founder, Visionary Leader, Educationist, Late Shri R. L. Jalappaji.

I am happy to know that since its inception the Institution has been focusing to serve mankind by providing world class medical facilities. I appreciate its commitment in the field of research and innovation also. The glorious history and achievements of this Institution are a matter of legitimate pride for the entire region of Kolar. I am confident that the Institution will continue to maintain its excellence with great distinction.

On the occasion of Hospital Day celebration, I extend my greetings and felicitations to the entire team of R. L. Jalappa Hospital & Research Center and wish them all success in their future endeavors towards realization of the dreams of the Founder, Late Shri R.L.Jalappa Ji. .

Chief Guest

Dr Ganni Bhaskar Rao

Founder Chairman
GSL Medical College & General Hospital
Rajahmundry, Andhra Pradesh

It is a profound honor to be part of the 99th Birthday Anniversary of the esteemed Founder Chairman and the 11th Hospital Day Celebration of R. L. Jalappa Hospital & Research Centre, a vital institution that has made a remarkable impact on medical education and healthcare in our country. As I reflect on the vision of Sri Devaraj Urs and the dedicated leadership of Sri R.L. Jalappa, I am deeply inspired by the legacy of service and commitment that this institution upholds.

Sri Devaraj Urs Academy of Higher Education and Research has made great strides in shaping future healthcare professionals. The institution's emphasis on quality education, research, and community care resonates with my own philosophy that healthcare is not just a profession, but a calling to serve humanity.

As the Founder Chairman of GSL Medical College & General Hospital, I understand the challenges and responsibilities that come with building and sustaining a healthcare institution. The dedication of the teaching staff, non-teaching staff, and students at SDUAHER reflects the same spirit of perseverance and excellence that we strive for at GSL.

It is my fervent hope that the Academy continues to scale greater heights, empowering future generations of doctors and healthcare professionals to serve with compassion, skill, and integrity. On this joyous occasion, I extend my heartfelt wishes to all the members of SDUAHER and RLJH for continued success and growth.

May we all work together to realize the vision of a healthier, more inclusive society

MESSAGE

Dr.D.V.L.N Prasad
Chief Administrative Officer
SDUAHER

On this momentous occasion of the 99th Birth Anniversary of our Founder Chairman and the 11th Hospital Day celebration on 19th October 2024, we reflect on the profound impact of Sri. R.L.Jalappa's vision and dedication to healthcare and education. His unwavering commitment has shaped our institution into a beacon of hope and excellence. As we gather to honour his legacy, let us renew our commitment to upholding the values he instilled in us - compassion, integrity, and innovation. Together, we celebrate not just a milestone, but the spirit of progress and service that he championed.

The 11th Hospital Day Celebration of R.L. Jalappa Hospital & Research Centre, we gather to reflect on our journey of service and healing over the past decades. This milestone not only marks our achievements in providing exceptional healthcare but also reaffirms our commitment to the vision of our Founder Chairman, Sri R.L. Jalappa. As we celebrate the dedication of our staff, the trust of our patients, and the advancements in our services, let us continue to strive for excellence and compassion in every aspect of our work. Together, we can build a healthier future for our community.

MESSAGE

Dr. B. Vengamma
Hon'ble Vice-Chancellor, SDUAHER

It is with immense pride and heartfelt pleasure & respect that, I extend warm greetings to all employees of the RL Jalappa Hospital and Research Center, a Teaching Hospital of SDUMC, constituent of SDUAHER Kolar on the occasion of the Founder's Day and R.L Jalappa Hospital Day to commemorate the anniversary of Late Shri. R. L. Jalappa, the Champion of Co-operative movement in the state of Karnataka and Founder Chairman of Sri Devaraj Urs Educational Trust for Backward Classes with special focus on Medical Education and Social Service.

Three significant milestones – the 99th Birth Anniversary of our visionary Founder Chairman, the late Shri R.L. Jalappa, Three Decades of service of RL Jalappa Hospital & Research Centre (started in the year 1994), and the 11th Hospital Day will be celebrated on 19th October 2024. The hospital day is celebrated to recognise and reward the excellent services of Teaching & Non-Teaching Staff of the hospital.

These occasions are a testament to the enduring legacy of Shri Jalappa's passion for healthcare and his unwavering commitment to the welfare of society.

The launch of the RLJH&RC dossier is a momentous occasion that not only honors the illustrious past of this institution but also reflects its continued pursuit of excellence in patient care, education, and research. This dossier will serve as a symbol of the remarkable journey undertaken by the hospital, showcasing the strides we have made, and inspiring future generations to carry forward the founder's vision. Shri R.L. Jalappa's commitment to providing accessible and high-quality healthcare to all, particularly in rural areas, has left an indelible mark on the healthcare landscape. The hospital's growth into a trusted centre for medical care and research is a tribute to his dedication and leadership.

As Vice Chancellor, I am privileged to be part of this celebration and it is indeed a honor to be part of such a noble institution that upheld the vision of Late Shri R L Jalappa in continuing to provide the best medical services to the region of Karnataka and surrounding states like Andhra Pradesh & Tamil Nadu. I extend my deepest appreciation to the entire team at RL Jalappa Hospital and Research Center for their relentless dedication, professionalism, compassion and working towards fulfilment of Shri R L Jalappa's Dream and Vision.

On this memorable day, we take pledge that we continue to honor the memory of our founder by upholding the highest standards of healthcare and research, and may the institution continue to thrive in the years to come by a plethora of expansions by bringing the latest technologies in the field of medicine to the masses and thereby pursuing to provide a better quality of life to all the people.

MESSAGE

Dr. Muninarayana C
Registrar, SDUAHER

As we commemorate the 99th Birthday anniversary of our Founder Chairman and the 11th Hospital Day celebration on 19th October 2024, we celebrate not only Sri.R.L Jalappa's remarkable contributions but also the enduring legacy of care and education that he has left with us . His dream of accessible and quality healthcare continues to inspire our mission at Sri Devaraj Urs Academy of Higher Education and Research. On this special day, let us honor his memory by recommitting ourselves to the principles he lived by and by striving for excellence in all that we do.

As we celebrate the 11th Hospital Day of R.L. Jalappa Hospital & Research Centre, we honour the remarkable progress we have made in healthcare and research over the years. This occasion allows us to recognize the hard work and dedication of our healthcare professionals who strive tirelessly to provide the best care for our patients. Let us also remember the guiding principles laid down by our Founder Chairman, Sri.R.L.Jalappa, which continues to inspire our mission. Together, we look forward to further innovations and improved patient outcomes in the years ahead.

MESSAGE

Dr. K. Prabhakar
Principal & Dean faculty of Medicine
SDUMC, SDUAHER

As the Principal and Dean of Sri Devaraj Urs Medical College, I am proud to lead an institution dedicated to excellence in medical education, research, and healthcare. Our college's mission is to nurture compassionate, competent, and innovative healthcare professionals.

The foundation of our success lies in the vision of our founder, Sri R.L. Jalappa, who had revolutionary ideas in politics, education and business. Under his leadership, Sri Devaraj Urs Educational Trust was established in 1984 to focus on medical education and social service. His legacy continues to inspire us, and the present management remains committed to carrying forward his ideals.

Our contributions to the health landscape of Kolar are multifaceted. We have seen a huge growth in the quality of Healthcare, including primitive, preventive, diagnostic services, radiodiagnosis and imaging, and provide round-the-clock clinical services. Our outreach programs focus on health awareness and providing medical services to underserved populations. Today, we have faculty and students who engage in medical research and innovations, contributing to advancements in healthcare.

As we move forward, our vision remains to be a hub of knowledge, innovation, and scientific practice in healthcare. We are committed to attaining academic distinction in medical education, promoting high moral and ethical standards, and providing quality and affordable healthcare services to all sections of society. I am confident that with the commitment of our staff and leadership of the management, we will scale greater heights and contribute significantly to the health and wellbeing of residents of Kolar and beyond.

MESSAGE

Dr. Arvind Natarajan

Dean, Faculty of Allied Health and Basic Sciences, SDUAHER.

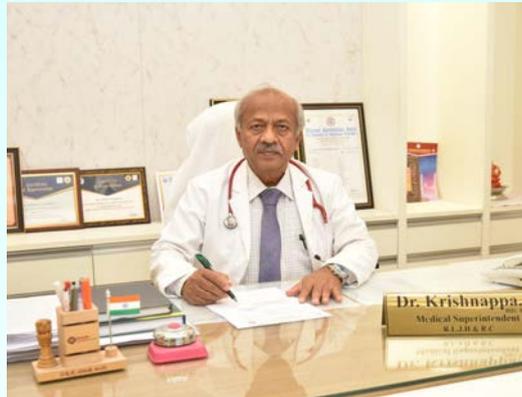

As we commemorate the 99th birthday of our esteemed Founder, President, and Visionary, Sri R.L. Jalappaji, we take this moment to honor his extraordinary contributions to healthcare and his enduring impact on our community.

The R.L. Jalappa Hospital and Research Centre stands as a testament to his vision of quality healthcare, serving as a beacon of excellence. Our commitment in providing accessible, affordable healthcare to Kolar district and surrounding areas remains unwavering. By offering a comprehensive range of health and allied health services, we ensure that each patient receives the highest standard of care. The dedicated efforts of our allied health professionals are integral to our mission, contributing significantly to patient outcomes and holistic care.

Over the years, RLJH & RC has grown into a leading tertiary healthcare provider, equipped with state-of-the-art facilities with a dedicated workforce. This success is rooted in our teamwork, compassion, and relentless commitment to patient care, always prioritizing the endowment of life.

Today, we celebrate Sri R.L.Jalappaji's remarkable legacy and recognize the invaluable role of allied health sciences in advancing our mission.

MESSAGE

Dr. J. Krishnappa
Prof of Paediatrics
Medical Superintendent, RLJH & RC

It is a great honor for me and my team to present the report of R L Jalappa Hospital & Research Center, Kolar, on the occasion of Founder's Day and hospital day, to commemorate 99th birth anniversary of Shri R L Jalappji.

With over three and a half decades of experience, we are proud to uphold a tradition of delivering affordable healthcare in a patient-friendly environment, grounded in ethical and transparent medical practices. RLJH & RC has firmly established itself as a comprehensive healthcare provider in Kolar, offering multispecialty tertiary care to millions across three states.

We blend the highest standards of medical and surgical expertise with compassionate, patient-centered approach that ensures accessibility of quality care to all.

As the Medical Superintendent, I am dedicated to advancing patient care and upholding accountability. Our hospital has made significant strides in healthcare delivery, particularly to the rural population. These achievements were accomplished through blessings of our late founder Shri R L Jalappaji and continued support of our esteemed Chancellor, Vice-President, Secretary, Members of the Trust, Officers of the Academy and all hardworking staff of the hospital.

Dr. Vinutha Shankar M S
Vice-Principal,
SDUMC

As we come together to celebrate the 99th birthday of our esteemed founder, RL Jalapa, we are reminded of the vision and unwavering dedication that led to the establishment of this institution. Today, on this special Founder's Day, which we also mark as Hospital's Day, we honor his legacy by reaffirming our commitment to imparting the highest standards of medical education and healthcare services.

Our institution, built on the foundational principle of 'सर्वे जनाः स्वस्थाः भवन्तु' translating into "May all be healthy" has always strived to create a lasting impact on both our students and the community. We believe that quality medical education forms the cornerstone of providing compassionate and effective healthcare. It is through this education that we equip the next generation of healthcare professionals to meet the challenges of tomorrow, ensuring that our patients receive the best care possible.

R. L. Jalapa's vision was to cultivate not just doctors, but compassionate leaders who work towards the health and well-being of all. As we release this dossier today, we celebrate our achievements and rededicate ourselves to advancing medical knowledge, serving the community, and realizing the vision of a healthier world for everyone.

On behalf of the entire college and hospital community, I extend my heartfelt gratitude to all who have been a part of this journey. Together, we continue to uphold the ideals set forth by our founder, striving to ensure that every patient and every student embodies the spirit of care, compassion, and excellence.

MESSAGE

Dr K. Dinesh

Professor of Anaesthesiology
Deputy Medical Superintendent - I, RLJH & RC

As we gather to celebrate Hospital Day and Founder's Day on 19th October 2024, it is with great pride and gratitude that I address you. This day marks a significant milestone in our journey, honoring the visionary leadership of our founder, Sri R L Jalappaji, whose unwavering commitment to healthcare has laid the foundation for our institution.

I have had the privilege of witnessing the transformative impact that R L Jalappa Hospital has had on the lives of countless patients. Our collective dedication to excellence in patient care, education, and research has established us as leaders in the healthcare sector.

As we reflect on our accomplishments, let us also embrace the challenges that lie ahead. Together, we can continue to foster a culture of innovation, compassion, and teamwork that will guide us in our mission to provide the highest quality of care to our community.

I extend my heartfelt appreciation to every member of our hospital family. Your hard work and commitment are the driving forces behind our success. Let us continue to uphold the values that define R L Jalappa Hospital and strive for excellence in all our endeavours.

MESSAGE

Dr. Rajkumar M G

Associate Professor of Forensic Medicine
Deputy Medical Superintendent - II, RLJH & RC

As we gather to celebrate Hospital Day and Founder's Day on 19th October 2024, it is a privilege to reflect on our shared journey and the remarkable achievements of R L Jalappa Hospital. This day serves as a tribute to our founder, Sri R L Jalappaji, whose vision for quality healthcare continues to inspire us.

I have seen the dedication and commitment of our team in providing exceptional care and support to our patients. Our hospital has become a beacon of hope and healing in the community, thanks to the tireless efforts of each member of our healthcare family.

On this occasion, let us not only celebrate our accomplishments but also recommit ourselves to the values that define R L Jalappa Hospital - compassion, integrity, and innovation. Together, we have the power to face future challenges and embrace new opportunities for growth and advancement in healthcare.

I extend my heartfelt gratitude to all of you for your unwavering commitment and hard work. Let us continue to strive for excellence and make a meaningful impact in the lives of those we serve.

MESSAGE

Dr. Srinivasa Reddy V.N
Resident Medical Officer,
RLJH & RC

With profound privilege I take this opportunity to wish a happy Hospital & Founder's day celebration which coincides with the 99th Birth Anniversary of Hon'ble Founder Chairman Sri R.L. Jalappaji.

This occasion serves as a reminder of the enduring legacy and Vision that shaped our Institution. As we honor the contribution of the great visionary, let us renew our commitment to providing outstanding care to our patients and upholding the principles that guide our practice.

Together let us continue to build on this legacy for future generations.

MESSAGE

Prof. Zeanath Cariena J
Chief Nursing Officer RLJH & RC.

With profound privilege and respect on this special occasion of our Founder Chairman's 99th Birth Anniversary, We come together to honour the vision and dedication that laid the foundation for our esteemed institution.

This day serves as a reminder of our commitment to the values of compassion, excellence and innovation in patient care. As we reflect the legacy of our Founder Chairman, let us celebrate the strides we have made as a Nursing Team and the impact we continue to have on our community, by unwavering dedication and professionalism which stands as a cornerstone of our success each day.

Together, we will continue to make a meaningful impact in the lives of those committed to our care.

Hospital Report – 2023-24

R L Jalappa Hospital and Research Center was established in the year 1994 with the objective of providing accessible, high-quality healthcare services to the residents of Kolar, neighboring districts, and surrounding states of Andhra Pradesh and Tamil Nadu. The primary goal of the hospital was to ensure that patients receive excellent medical care in their local community, emphasizing affordability and proximity to their homes. Today R L Jalappa Hospital and Research Centre is 1200 bedded tertiary care multispecialty hospital attached to Sri Devaraj Urs Medical College, a constituent unit of Sri Devaraj Urs Academy of Higher Education and Research serving in an economically backward area. It aims to provide high-end tertiary healthcare that meets global standards at an affordable cost, while also collaborating to conduct high-quality healthcare research, thereby contributing to medical science.

R. L. Jalappaji was a prominent Indian politician, philanthropist, humanitarian and social reformer known for his contributions to healthcare and education, particularly in Karnataka. He founded the R L Jalappa Hospital and Research Centre in Kolar, aiming to provide accessible and high-quality healthcare to the rural population. Jalappaji's efforts in establishing educational institutions, like the Sri Devaraj Urs Academy of Higher Education and Research, highlight his commitment to social welfare, uplifting marginalized communities, and promoting quality medical education. His visionary leadership has significantly impacted rural development and healthcare accessibility in the region.

R L JALAPPA HOSPITAL & RESEARCH CENTER

R L Jalappa Hospital is a center of excellence for providing super-specialty services across various healthcare sectors, including medical and surgical emergencies, particularly for life-threatening, complicated, high-risk cases and epidemics.

R L Jalappa Hospital and Research Center comprises of a dedicated team of over 315 doctors, 416 nurses, 61 laboratory technicians, and 430 other skilled staff members, all working collaboratively to provide exceptional healthcare services. The hospital provides affordable, inclusive, and integrated approach to quality healthcare by including the services from Department of Cell biology and Molecular Genetics, Department of Speech Pathology and Audiology, Department of Physiotherapy, Department of Integrated Medicine and and Department of Nutrition & Dietetics which comes under Allied Health Sciences of this University contributing to treatment of patient and research

During 2023 the hospital has provided 4,15,762 Outpatient care, 3,11,588 Inpatient care and more than 36,661 emergency medical and surgical care.

The Central Diagnostic Laboratory Services has served the laboratory needs of 2.3 million patients. The hospital has also carried out 35,781 major and minor surgeries, in addition to 2,336 deliveries.

Laboratory Services

In collaboration with the department of Microbiology, SDUMC, R L Jalappa Hospital has introduced True-Nat PCR tests as an advancement in laboratory services. These tests enable rapid detection of various diseases such as COVID, Dengue, Malaria, Chikungunya, Leptospirosis, and Scrub typhus, providing results within a remarkable timeframe of less than 3 hours. *Recently*, R L Jalappa Hospital & Research Centre enhanced its diagnostic capabilities with the VITEK machine, an advanced automated system for microbial identification and antibiotic susceptibility testing (AST). Widely used in clinical microbiology, it streamlines pathogen detection and guides optimal antibiotic therapy, playing a vital role in infection diagnosis and antimicrobial treatment. In collaboration with the Department of Biochemistry, SDUMC, the hospital has implemented a screening program for newborns to detect hypothyroidism at an early stage, facilitating timely treatment and preventing complications such as subnormal IQ. Furthermore, the hospital now offers tests for procalcitonin, aiding in the judicious use of antibiotics through rationalized decision-making. These initiatives reflect R L Jalappa Hospital's commitment to leveraging cutting-edge technology for improved patient care and better health outcomes.

MICROBIOLOGY LAB

Blood Centre

The Blood Center at R L Jalappa Hospital & Research Center is one of the largest in our region, transfusing approximately 15,000 units of blood and blood products annually. As part of our social responsibility, we provide blood and blood products free of cost to needy patients. The center is equipped with advanced technology for apheresis and plasmapheresis procedures, allowing for the extraction of platelets from a single donor. This resource is vital for patients with severe thrombocytopenia or those requiring multiple platelet transfusions, enhancing patient care and improving outcomes for specialized platelet-related treatments.

Emergency Medicine

The Emergency Medicine Department (EMD) is staffed by an experienced team of doctors trained to handle a wide range of emergency and trauma cases. As the frontline in patient care, the department promptly assesses and treats all emergencies with urgency, using advanced trauma life support (ATLS) protocols and other critical procedures to provide rapid, life-saving treatments.

Supported by state-of-the-art technology, the EMD ensures timely and appropriate interventions for severe trauma, cardiac emergencies, stroke, and other urgent conditions. The doctors work efficiently to stabilize patients and coordinate with other departments to ensure smooth transition to specialized care when needed.

EMD serves as the hospital's critical care hub, where immediate medical attention is given to those in need, ensuring the best possible outcomes in life-threatening situations. Our EMD operates on the principle of "treatment first, payment next," ensuring that patient care is the top priority, regardless of financial considerations. This patient-centered approach allows our doctors to immediately attend to the urgent medical needs of every individual, providing critical care without delay.

Critical Care Unit

Our hospital comprises of state-of-the-art Critical Care Unit with 36 beds, fully equipped to provide advanced critical care management. These units are staffed by a team of highly experienced intensivists who specialize in managing critically ill patients, ensuring the highest level of care.

In addition, our facility is home to 12 state-of-the-art operation theatres, equipped with cutting-edge technology and comprehensive facilities to perform a wide range of surgical and super-specialty procedures. These OTs are designed to handle both emergency surgeries and complex cases, serving the region efficiently and saving countless lives by providing timely, life-saving interventions for various illnesses.

NEONATAL ICU

Neurology

The Department of Neurology at R L Jalappa Hospital & Research Centre is led by the highly esteemed Dr. B. Vengamma, DM Neurologist and Honorable Vice-Chancellor, who brings years of expertise in treating complex neurological conditions. The department is dedicated to diagnosing and managing a wide range of neurological disorders, including stroke, epilepsy, movement disorders, multiple sclerosis, and neurodegenerative diseases like Alzheimer's and Parkinson's.

With cutting-edge diagnostic tools like EEG, ENMG, and advanced imaging technologies, the department ensures precise diagnosis and personalized treatment plans. Dr. B. Vengamma's commitment to patient care is reflected in her thorough consultations, where patients receive expert guidance on managing acute and chronic neurological conditions. The Neurology department also emphasizes medical education, research, and the continuous advancement of treatments, providing the highest standards of care to improve patients' quality of life. The team's holistic approach ensures a blend of compassion and evidence-based interventions tailored to each patient's needs.

Nephrology and Dialysis

Our Nephrology and Dialysis Services provide comprehensive care for kidney-related conditions, particularly end-stage renal disease (ESRD), with a state-of-the-art facility housing 24 advanced dialysis machines. Our highly trained nephrology team focuses on early diagnosis and management of kidney diseases, offering regular hemodialysis and peritoneal dialysis sessions to maintain patients' health and quality of life. Operating 24/7, we ensure timely emergency care and well-supervised dialysis sessions to manage complications and stabilize patients. By collaborating with other departments for holistic care, including dietary advice and managing associated conditions like hypertension and diabetes, we strive to improve outcomes and enhance the quality of life for kidney patients in the community.

Urology Services

The Department of Urology at R L Jalappa Hospital & Research Centre specializes in the diagnosis, treatment, and management of urinary tract diseases in men and women, as well as male reproductive health. Our expert team provides comprehensive, compassionate, and evidence-based care, utilizing advanced techniques such as minimally invasive and robotic-assisted surgeries for conditions like kidney stones, prostate disorders, urinary infections, and cancers.

We are committed to delivering personalized, ethical care with advancing medical education and research, ensuring excellence in both treatment and innovation. Our goal is to improve patient outcomes and quality of life through state-of-the-art urological services.

Oncology services:

With the rising number of cancer cases in our region, our hospital offers comprehensive oncology services, including surgical, medical, and radiation oncology, to meet the growing demand for specialized care. Our skilled surgical oncology team performs complex cancer surgeries using the latest techniques, while medical oncology provides treatments such as chemotherapy, targeted therapies, and immunotherapy, ensuring a holistic approach tailored to each patient. Additionally, our radiation oncology department utilizes state-of-the-art technology to deliver precise and efficient radiation therapy, enhancing treatment effectiveness and minimizing side effects.

Our hospital ensures high-quality cancer care for all by treating the majority of cancer patients under government healthcare schemes, particularly Ayushman Bharat, which eliminates financial barriers. Our multidisciplinary, patient-centered oncology services significantly impacts the well-being of cancer patients in the region.

We specialize in Head and Neck Oncology, offering comprehensive diagnosis and treatment, including advanced surgery. The team collaborates with Medical and Radiation oncologists and rehabilitation specialists to create personalized treatment plans that address both medical and reconstructive needs for optimal patient outcomes.

Neurosurgery

We offer 24/7 neurosurgical services, covering a wide range of complex brain and spine surgeries. Over the years, the department has consistently upgraded its facilities to provide state-of-the-art care to patients. The addition of advanced imaging, modern surgical instruments, and expert critical care ensures that our patients receive the best possible outcomes.

Cardiology

The Cardiology Department at our hospital operates in collaboration with Narayana Hrudayalaya through a Memorandum of Understanding (MoU), ensuring the highest standard of cardiac care. This partnership allows us to manage complex heart conditions efficiently, complementing our comprehensive services such as cardiac catheterization, echocardiography, stress testing, and heart failure management. Through this collaboration, patients benefit from advanced expertise and cutting-edge treatments for cardiovascular diseases.

Plastic Surgery

The Plastic Surgery Department at our hospital specializes in restoring and reconstruction of the human body, significantly improving functional and aesthetic aspects of patient care. Staffed by experienced surgeons, the department utilizes advanced techniques and technologies for exceptional outcomes. Our services encompasses reconstructive surgery-addressing trauma, disease, and congenital deformities with procedures like post-trauma reconstructions, hand surgery, burn management, and birth defect repairs and cosmetic surgery, which focuses on appearance enhancement. Prioritizing patient safety and satisfaction, we deliver personalized care to meet both physical and emotional needs, offering world-class reconstructive and cosmetic solutions.

Gastroenterology

The Gastroenterology Department at our hospital is dedicated to diagnosing and treating a wide range of conditions affecting the gastrointestinal (GI) tract and liver. Our team of experienced gastroenterologists utilizes the latest diagnostic tools and therapeutic techniques to provide comprehensive, patient-centered care. We offer services such as endoscopic procedures, liver disease management, inflammatory bowel disease (IBD) treatment, and interventions for gastrointestinal cancers, all supported by advanced technology that enables complex procedures with precision and reduced recovery times.

Endocrinology

The Endocrinology Department at our hospital is dedicated to diagnosing and managing a wide array of hormonal and metabolic disorders. Our skilled endocrinologist specializes in treating conditions such as diabetes, thyroid disorders, adrenal and pituitary gland diseases, and reproductive hormone imbalances.

We provide comprehensive care tailored to each patient's needs, utilizing advanced diagnostic tools and treatment modalities for diabetes management, we offer personalized plans that include insulin therapy, continuous glucose monitoring, and lifestyle modifications. The department also focuses on managing hormonal imbalances affecting growth, metabolism, and reproductive health, ensuring that all aspects of endocrine health are addressed effectively.

R L Jalappa Hospital and Research Center stands out as an exclusive healthcare facility in the region to have earned accreditation from *NABL (National Accreditation Board for Testing and Calibration Laboratories)* and *NABH (National Accreditation Board for Hospitals and Healthcare Providers)*. This recognition reaffirms the hospital's commitment to maintaining exceptional quality standards and providing exemplary healthcare services to the community.

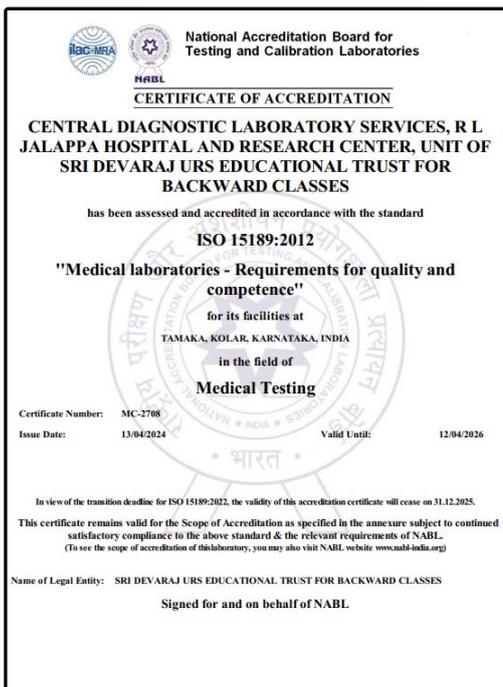

NABL ACCREDITATION

NABH ACCREDITATION

The management and administrators at R L Jalappa hospital and Research Center believe in achieving and sustaining the highest ranks received, hence the Quality cell of hospital and Sri Devaraj Urs Academy of Higher Education and Research Center organized various workshops, guest lectures and faculty development programs for its staff which includes POI workshop for NABH, Patient safety skills, Safe medication practices, Clinical audit training, Medical certification of cause of death, Hands on skill Basic Life Support (BLS), Advanced Cardiac Life Support (ACLS), Pediatric Advanced Life Support, Neonatal Advanced Life Support, advanced simulation skills for upgradation of clinical competencies along with mock drills on patient safety codes to prepare for the next cycle of quality accreditations.

NABH Surveillance Assessment 12/05/2024

Master Health Checkup

R L Jalappa Hospital is proud to offer a comprehensive Master Health Checkup package tailored for government officials, corporate professionals, and the general public. This package includes a wide range of health assessments and laboratory investigations targeting multiple body systems for thorough evaluations. The initiative is both cost-effective and instrumental in promoting early disease detection through regular screening, enhancing the overall health and well-being of our patients.

The Poison Detection Centre (PDC) was founded under the visionary leadership of Hon'ble Vice Chancellor Dr. Vengamma on 22nd March 2024. Its primary role is to analyze body fluid samples in cases of poisoning or overdose, providing critical support to doctors in managing clinical poisoning incidents. The PDC consists of an Analytical Laboratory and a Poison Information Center. The Toxshodh office is located on the 1st floor of the Emergency Medical Department (EMD) at RLJH & RC, while the Analytical Laboratory operates on the 3rd floor of the College building within the Department of Forensic Medicine and Toxicology.

Infertility Center

As a Level I Assistive Reproductive Technology Centre certified by the Government of Karnataka, our hospital's Infertility Center provides comprehensive care for couples facing fertility challenges. The center offers advanced diagnostic services and personalized treatment plans, utilizing the latest reproductive technologies such as IUI

and fertility preservation. With a commitment to helping couples achieve their dream of parenthood, 246 couples have registered so far, benefiting from our compassionate approach and state-of-the-art solutions tailored to individual needs.

Anti-Retroviral Therapy (ART) Centre

R L Jalappa Hospital & Research Centre had received approval from NACO to initiate an Anti-Retroviral Therapy (ART) Centre, aimed at providing essential treatment and care for patients living with HIV/AIDS. The centre is intended to play a crucial role in improving the quality of life for these individuals by offering ART medications to manage viral load and prevent disease progression.

The hospital planned to operationalize the full-fledged ART Centre after acquiring the necessary drugs, materials, and facilities. This development marked a significant step in expanding healthcare services for HIV patients in the region, contributing to national efforts to combat the epidemic and support those affected.

Immunoematology and Blood Transfusion

The Immunoematology and Blood Transfusion Department at our hospital specializes in managing blood disorders and providing transfusion services to patients in need. The department is equipped to handle complex cases, ensuring safe and efficient blood transfusions through advanced blood banking and cross-matching techniques.

Key features of the department include a dedicated hemophilia clinic, where patients with bleeding disorders receive specialized care, including clotting factor therapies and regular monitoring to manage their condition effectively.

Thalassemia Day Care Center offers ongoing treatment and support for patients with thalassemia, providing regular blood transfusions, chelation therapy, and comprehensive care to improve their quality of life. These specialized services reflect our commitment to offering comprehensive, life-saving care to patients with chronic blood disorders.

Child Rehabilitation Centre Clinic

The Child Rehabilitation Centre Clinic at our hospital specializes in treating children with cerebral palsy with intellectual disabilities. With around 53 registered cases, the clinic offers a multidisciplinary approach to rehabilitation, providing therapies such as physical, occupational, and speech therapy. The center focuses on improving motor skills, cognitive functions, and overall quality of life for children, ensuring that each child receives personalized care aimed at maximizing their potential for independence and development.

Nutrition Clinic

The Nutrition Clinic at our hospital offers comprehensive dietary consultations led by experienced professionals who specialize in various aspects of nutrition and wellness. Equipped with advanced technology, including a machine that provides detailed body fat distribution analysis, the clinic offers personalized diet plans based on precise health assessments. Through an integrated approach, our team collaborates closely with other healthcare providers to ensure that nutritional advice complements the overall medical care, promoting better health outcomes for patients across various age groups and conditions.

Comprehensive Diabetes Management

The Comprehensive Diabetes Management at our hospital is dedicated to preventing and managing diabetes complications, with a strong focus on preventing life-threatening complications. Central to our approach is the thorough examination by specialists. Type I diabetes is managed by paediatric endocrinologists. Insulin is distributed free of cost to all children suffering from Type I diabetes. Comprehensive evaluations are done to detect potential issues. Through our multidisciplinary approach, we aim to minimize the risk of serious complications and enhance the overall quality of life for our patients.

The Pain and Palliative Services

The Pain and Palliative Services at our hospital are dedicated to providing comprehensive care for patients with chronic illnesses and cancer. Our interdisciplinary team focuses on alleviating pain and enhancing the quality of life for patients facing serious health challenges. We employ a holistic approach, addressing not only physical symptoms but also emotional, social, and spiritual needs.

Our services include pain management strategies tailored to individual patient requirements, such as medication management, physical therapy, and alternative therapies. Additionally, we provide emotional and psychological support through counseling and support groups, helping patients and their families cope with the complexities of chronic illness and end-of-life issues. By fostering open communication and understanding, our team ensures that patients receive compassionate care that respects their wishes and dignity, ultimately improving their overall well-being during challenging times.

Palliative Care

Relieves suffering. Improves quality of life.

Pulmonary Medicine

The Pulmonary Medicine Department at our hospital specializes in diagnosing and treating a variety of respiratory conditions through advanced techniques. Key services include bronchoscopy for direct visualization and treatment of airway issues, and pleural tap (thoracentesis) for safely removing excess fluid from the pleural space. Our expert team also offers comprehensive care for chronic conditions like COPD and asthma, emphasizing patient education and collaborative management. We are dedicated to providing compassionate, holistic care that enhances the quality of life for our patients facing respiratory challenges.

R L Jalappa Mobile Health Unit

The R L Jalappa Mobile Health Unit is dedicated to screening for non-communicable diseases (NCDs) and cancer cases, bringing essential healthcare services directly to the community doorsteps. This initiative aims to enhance early detection and prevention of these diseases, which are increasingly prevalent in our society.

Equipped with state-of-the-art diagnostic tools, the mobile unit offers a range of screening services, including blood pressure checks, blood sugar testing, cholesterol screening, and cancer screenings for common types such as head and neck, breast, cervical, and colorectal cancers. By reaching underserved areas, the mobile health unit plays a crucial role in raising awareness about NCDs and cancer, promoting healthier lifestyles, and encouraging regular health check-ups. Through this proactive approach, we strive to improve community health outcomes and reduce the burden of chronic diseases.

Institutional Social Responsibilities

As part of its commitment to corporate social responsibility, R L Jalappa Hospital organizes general health camps aimed at promoting community health and well-being. These camps provide free or low-cost health screenings and consultations, allowing individuals to access essential medical services, including check-ups, vaccinations, and health education.

By reaching out to underserved populations, these health camps not only raise awareness about preventive healthcare but also encourage early detection and management of chronic diseases. Through these initiatives, the hospital strives to enhance the overall health of the community, demonstrating its dedication to social responsibility and improving public health outcomes. Here are a few of the institutional responsibilities listed below.

- Free Treatment for all poor patients
- Free drugs – offering 185 Generic drug formulation
- Free food supply for all patients -3 meals+200 ml milk, Therapeutic diet as per Dietician's advise
- Free ambulance services for trauma, Peri-natal Patients up to 25 kms.
- National, State Health Programs on NCDs& Communicable diseases like TB (RNTCP), HIV-AIDS, Maternity & Child Health, NRHM, Leprosy control, immunization programme, Diabetes registry
- IEC - on Breast feeding week, Alzheimer's day, World Diabetic day, World TB day, world HIV -AIDS day, No Tobacco day, World population day, ORS day etc., are celebrated
- Grievance redressal cell

INAUGURATION OF GENERAL HEALTH CAMP

GENERAL HEALTH CAMP

Following New Programs will be initiated on a phased manner

- **Fellowship in IDCCM (Critical Care Medicine)**

Sd

Medical superintendent

In November 2022, R L Jalappa Hospital and Research Center received two prestigious awards from the Quality Council of India. The first award recognized the hospital's outstanding efforts in promoting a culture of safety, accountability, and high reliability within the tertiary care setting. The second award acknowledged the hospital's successful implementation of best practices as part of their Quality Months plan, highlighting their commitment to excellence. These accolades reflect the hospital's dedication to continuous quality improvement and patient care.
