

Dear Sir/Madam,

The department of Psychiatry, Sri Devaraj Urs Medical College, Kolar invites you to attend our awareness program conducted as a part of World Alzheimer's Day 2025 with the theme "Ask about Dementia. Ask about Alzheimer's." This theme encourages open conversations to raise global awareness, promote early diagnosis, reduce the stigma surrounding the conditions, and normalize asking questions about dementia and Alzheimer's disease. The theme aims to increase understanding of how Alzheimer's and dementia impact individuals and communities worldwide. Asking questions can lead to earlier detection, which is crucial for managing the disease. Normalizing conversations about dementia helps reduce the stigma associated with these conditions.
