**WELCOME TO KUA – CUE
BLADDER CANCER – A 360°
REVIEW**

22nd FEBRUARY 2026

**DEPARTMENT OF UROLOGY
SRI DEVARAJ URS MEDICAL
COLLEGE KOLAR – 563101**

**VENUE – SILVER JUBILEE
AUDITORIUM: MAIN LIBRARY
SDUMC KOLAR.**

Dear All,

The Department of Urology cordially invites you to participate in the Continuing Medical Education (CME) program titled “**Bladder Cancer: A 360-Degree Review**”, an academically focused initiative aimed at providing a comprehensive, evidence-based, and multidisciplinary perspective on bladder cancer management.

Bladder cancer remains a significant clinical challenge due to its heterogeneous nature, evolving therapeutic landscape, and long-term surveillance requirements. This CME has been meticulously designed to address the entire spectrum of bladder cancer care, encompassing epidemiology, risk stratification, diagnostic modalities, pathological nuances, contemporary surgical approaches, systemic and intravesical therapies, radiation strategies, and emerging advances in precision medicine and research.

The program will feature eminent faculty and subject experts who will share their insights through structured scientific sessions, case-based deliberations, and interactive discussions. Emphasis will be placed on translating current evidence and guidelines into day-to-day clinical practice, fostering multidisciplinary collaboration, and optimizing patient-centered outcomes.

In alignment with the institution’s vision of excellence in medical education, clinical innovation, and ethical healthcare delivery, this CME aims to serve as a platform for academic exchange, professional development, and collaborative learning among consultants, residents, postgraduates, and allied healthcare professionals.

The Department of Urology is honored to host this CME and looks forward to your esteemed participation in what promises to be an enriching and intellectually stimulating academic event.

Warm regards,
Department of Urology
