| Sl. No | Name of the Program | General Category | NRI | Total Numbers |
| 1 | MBBS | 170 | 30 | 200 |

The Medical College has adequate, highly qualified and motivated faculty who are engaged in teaching, training and evaluation activities. The faculty strives to instil a research culture among the students and works hard to attain the objectives set by the institution to accomplish the mission of quality health care.

The Medical Education Unit of our college is vibrant with dedicated, enthusiastic faculty trained with FAIMER fellowship, ACME and revised basic MET training.

R L Jalappa Hospital and Research Centre, the teaching hospital of the medical college was established in 1994 with the objective of providing accessible, high-quality healthcare services to the residents of Kolar and neighboring districts of Karnataka, Tamil Nadu and Andhra Pradesh. The primary goal of the hospital is to ensure that patients receive excellent medical care in their local community, emphasizing affordability and proximity to their homes.

Today R L Jalappa Hospital and Research Centre is a 1200 bedded well equipped tertiary care multispecialty hospital and has 36 bedded state of the art well equipped intensive care Unit (ICU), 20 bedded cardiac critical care Unit (CCU). The Hospital is attached to Sri Devaraj Urs Medical College, a constituent unit of Sri Devaraj Urs Academy of Higher Education and Research catering to the population of economically backward area. It aims to provide high end tertiary health care complying with global standards at an affordable cost and at the same time join hands to conduct high quality healthcare research thereby contributing to medical science.

R L Jalappa Hospital and Research Center stands out as the exclusive healthcare facility in the region to have earned accreditation from NABL (National Accreditation Board for Testing and Calibration Laboratories) and NABH (National Accreditation Board for Hospitals and Healthcare Providers). This recognition reaffirms the hospital's commitment to maintaining exceptional quality standards and providing exemplary healthcare services to the community

The Hospital is the only center providing super specialty services in various health care in this region and stands out in emergency medical and surgical care particularly for life threatening, complicated high-risk cases and pandemic outbreaks

R L Jalappa Hospital and Research Center takes its pride in having qualified, competent and experienced Doctors, Nurses and other skilled staff, all working collaboratively to provide exceptional healthcare services. The hospital provides affordable, inclusive, and integrated approach to quality healthcare by including the services from Department of Cell biology and Molecular Genetics, Department of Speech Pathology and Audiology, Department of Physiotherapy, Department of Integrated Medicine and Department of Nutrition & Dietetics which comes under Allied Health Sciences of this University contributing to treatment of patient and research. The hospital has a MoU with Narayana Hrudayalaya, Bengaluru for managing cardiac cases.

The state of Heart Critical Care Units and Operation theatres of the hospital have rendered top quality service to critically ill patients and has been the only center in this region attending to emergency and other illnesses efficiently thereby, saving many precious lives.

The Nephrology and Dialysis services block has 22 dialysis units and is treating patients with end stage renal diseases thereby saving many lives.

The Medical College also runs its own Primary Health care facility runs an Urban Health Training Centre in Kolar town and a Rural Health Training Centre. Family adoption program is being conducted successfully and all elements of competency based medical education are delivered in a well-structured curriculum.

Various health awareness events of importance are conducted regularly, by involving students as outreach activity. This community oriented approach helps the students obtain first-hand information on the health issues of the community and create awareness among them. The students are regularly posted to health camps where they interact with the patients and their relatives in a compassionate manner under the guidance of the faculty. During these sessions they develop team building skills and learn to work in a health care team. This is the only Hospital in the entire district and surrounding areas involved in highly specialized oncology services which includes early cancer detection and comprehensive management by the team of Medical, Surgical and Radiation Oncologist.
