

The 21st Annual National Pathology CME titled “Immunohistochemistry Update: Patterns, Panels and Practical Insights” was organized by the Department of Pathology, Sri Devaraj Urs Medical College, Kolar, on 14th March 2026. This national-level academic event aimed to enhance the diagnostic skills and knowledge of pathologists and postgraduate students, focusing on the practical applications of immunohistochemistry in surgical pathology. The program featured expert lectures, case-based discussions, and slide seminars conducted by eminent speakers from reputed institutions across India. The event was held in a hybrid mode, enabling both online and offline participation. It was inaugurated by distinguished dignitaries of the institution. The CME provided a valuable platform for understanding modern diagnostic techniques and improving patient management through accurate tumor diagnosis. The event concluded with a valedictory session and vote of thanks, marking its successful completion and academic significance.
