# SAFE SPACE FOR EMERGENCY MEDICINE TEAMS

## STOP VIOLENCE EVERYWHERE

27  
MAY EMERGENCY  
MEDICINE DAY

Emergency Medicine Day, observed on May 27 and led by the International Federation for Emergency Medicine (IFEM), highlights the importance of timely and effective emergency care. It recognizes the crucial role of emergency physicians, nurses, paramedics, and first responders in managing life-threatening conditions such as trauma, cardiac arrest, stroke, and other acute emergencies.

The 2026 theme, “**Safe Space for Emergency Medicine Teams: Stop Violence Everywhere,**” emphasizes the urgent need to protect healthcare workers from violence and ensure a safe working environment. A secure and respectful atmosphere enables emergency teams to deliver prompt, life-saving care without disruption.

Observing this day in educational institutions promotes awareness, professionalism, and preparedness among future healthcare providers, while encouraging respect and support for frontline emergency teams.

“Right Care, Right Time, Right Place – Saves Lives.”
