METHODOLOGY FOR SLOW AND ADVANCED LEARNERS

Guidelines for identifying Advanced Learners:

- Advanced Learners are those students who are ahead on the learning curve
- Advanced Learners are identified based on the performance in First internal Assessment score >75%

Following special activities are conducted for Advanced Learners:

1. Guiding for career planning.
2. Discussion on seminar on the advanced topic
3. Guiding and encouraging to enroll for funded Student projects.
4. Encourage to be as a student representative in any events/ committees.
5. Encouraging to participate in various symposiums like quiz, poster presentation, Conferences, inter institution competition etc.

Guidelines for identifying Slow Learners:

- Slow learners are those who could not keep pace with the classroom teaching and needs extra attention so as to bring such students as par with the rest of the students of the class.
- Slow learners are identified based on their performance in 1st internal examinations score <35%

Measures taken for improving academic performance of slow learners

1. Remedial classes are conducted with appropriate focus on the subject/topic codes in which the students are found to be slow learners
2. Individual academic counselling is done by concerned subject teacher
3. Students study groups are formed for peer-to-peer learning.
4. Personal counselling is done through mentoring which takes care of the students.

Mentors maintain the entire academic record of the student which is also conveyed to the parent time to time by the teacher guardian. Slow learners are counselled and motivated by the mentors.
