(A Deemed to be University)**

**(Recognized by KNC, Bangalore & INC, New Delhi
ISO 9001: 2015 Certified & NAAC Accredited-**

Best Practices

Title of the practice

"Community Outreach Activities: A Commitment to Rural Health & Community Well-Being"

Objectives of the Practice

1. To provide continuous and accessible health screening and education to underserved rural communities.
2. To integrate community-based learning into the nursing curriculum.
3. To foster a sense of rural services among the nursing students.
4. To empower students as future agents of change within families and society.

The Context

Since 1995, Sri Devaraj Urs College of Nursing, in collaboration with the Parent Teaching Hospital of R.L. Jalappa Hospital and Research Centre, Tamaka, Kolar, has been actively providing comprehensive health screening services to the surrounding villages of Kolar district. These initiatives are conducted with the support and expertise of healthcare practitioners, aiming to improve rural health and wellness

Sri Devaraj Urs College of Nursing in collaboration with R.L. Jalappa Hospital and Research Centre, has been delivering community health services since 1995. Recognizing the healthcare gaps in rural areas of Kolar district, the College extended its social responsibility by enrolling in the National Service Scheme (NSS) under RGUHS in the academic year 2020-21. Through the Mukhyamanthri Amrutha Samudhaya Abhirudhi Yojana, four villages—Arabhikothanuru, Mangasandra, Abbenahalli, and Guttahalli—were adopted to formalize long-term healthcare and education interventions.

The Practice:

- Baseline health surveys and demographic assessments.
- Home visits for follow-up, care continuity, and education.

- Referrals to Parent hospitals and specialty clinics.
- Mass health education sessions covering hygiene, nutrition, communicable and non-communicable diseases.
- Health camps and mobile clinics to offer basic screening and treatment.
- Awareness activities including walkathons and marathons aligned with national health days (e.g., World AIDS Day, World Heart Day, No Tobacco day, Mental Health day).
- Student-led community-based research projects to assess and improve rural health outcomes.
- Activities are conducted under the direct supervision of teaching faculty and healthcare professionals

Evidence of Success:

- Regular engagement in villages, resulting in improved health awareness among the rural population.
- Over 150 students involved annually in community-based service and research.
- Enhanced student learning outcomes, particularly in public health nursing, communication, leadership, and community engagement.
- Positive feedback from villagers, with increased participation in health camps and education programs.
- Student-led presentations and publications based on community research findings.

Problems Encountered:

- Initial reluctance or low awareness among villagers about the importance of preventive healthcare.
- Logistical challenges such as transportation, language barriers, and inclement weather.
- Limited availability of medical supplies and diagnostic equipment during field visits.
- Balancing academic schedules with fieldwork commitments for students.

Resources Required:

- Human Resources: Teaching faculty, nursing students, community health workers, support from hospital staff.

- Medical Supplies & Equipment: Basic diagnostic kits, first aid, medications for camps, mobile clinic setup.
- Transportation: Vehicles for student travel and mobile health units.
- Educational Materials: Posters, pamphlets, charts, digital devices for awareness sessions.
- Financial Support: Funding for health camps, outreach programs, and logistics through institutional, governmental, or NGO partnerships.

SRI DEVARAJ URS COLLEGE OF NURSING

**A Constituent Unit of Sri Devaraj Urs Academy of Higher Education & Research

Kolar (T) & (D)

Respected Sir,

Sub: Adoption of Villages for providing health care services -reg

We bring to your kind notice that, Sri Devaraj Urs College of Nursing, Tamaka Kolar providing health care services since 1995 to the surrounding villages of Kolar district in the form of survey, home visit, referrals, mass health education, health camp, health clinic etc. As a part of social service from our college we are willing to adopt the following villages (as per the suggestion from NSS cell RGUHS). Hence I request you to permit us to serve the same and also give directions to function effectively under Amrutha Sambrudhi Yojane. Expecting your favorable response towards the same.

Sl.No	Villages
1	Mangasandra
2	Jodipura
3	R B Kottanuru
4	Guttahalli

Thanking You,

Malathi

Report on World Mental Health Day-2024

The Department of Psychiatric Nursing, in collaboration with the IQAC of SDUCON, organized an awareness program on World Mental Health Day, held on 10th October 2024, at SNR District Hospital in Kolar.

The theme of the event was "It is Time to Prioritize Mental Health in the Workplace." The Programme started with invocation song by III Year B.Sc(N) students. **Ms.Swathi.G** IIIrd year B.Sc(N) student welcomed the gathering. **Prof. Jairakini Aruna**, HOD, Dept of Psychiatric Nursing, SDUCON had highlighted the importance of celebrating World Mental Health day every year. Followed by Mime Show on Mental Health Day Theme-"It is time to prioritize mental health in the workplace", by **Ms.Glory and Team** from III Year B.Sc(N) students.

The next session was a health education presentation on the topic "Managing Mental Health in the Workplace," delivered by third-year B.Sc Nursing students. Mrs.Kalyani Programme Coordinator, SNR District Hospital had delivered the Presidential Address. Finally the programme was ended with vote of thanks. A total of 28 participants had benefited from the programme.

Sl NO	EVENT REPORT
1.	NAME AND LEVEL OF EVENT NSS Activity- Health Awareness programme on No-Smoking 2025
2.	BACKGROUND/ INTRODUCTION In view of <i>World No-Smoking Day-2025</i> , the Department of Community Health Nursing in coordination with NSS, SDUCON conducted <i>Mass Awareness programme on No-Smoking</i> on 14/03/2025 at Hosakere Village. <u>Objectives of the Programme</u> The primary objectives of the programme were: 1. To spread awareness about the hazards of smoking and its impact on various body organs. 2. To educate the community about the dangers of smoking use and the importance of quitting smoking. 3. To promote healthier habits and encourage the adoption of a smoke-free lifestyle. Ms. Shivani, IV year B.Sc (N) gave health talk on incidence of smoking, its health hazards, prevention and control measures & importance of maintaining smoke-free lifestyle. Ms. Gangothri, IV year B.Sc (N) highlighted on various body parts affected by smoking using still model of lungs and also gave a health talk on tuberculosis using charts & flash cards.
3.	VENUE: Hosakere Village
4.	SPONSORS: NSS Unit, RGUHS, B'LORE
5.	INAUGURATION The Programme started at 11am with invocation song by IV year B.Sc (N) students and warm welcome given by Ms. Glory IV B.Sc (N), SDUCON.
6.	SPEAKERS/ JUDGES/ CHAIRMAN/PANEL TEAM Speaker:- Ms. Shivani & Ms. Gangothri, IV year B.Sc (N), SDUCON
7.	PARTICIPANTS & DELEGATES The programme benefited 30 members of the village including men, women & youth.
8.	VALEDICTORY The event was well-received, with participants expressing a keen interest in learning more about how smoking affects health and how they can contribute to reducing tobacco use in their community & ended at 12:30pm.
9.	ANY OTHER INFORMATION Many participants expressed their commitment to quitting smoking and supporting others in their community to do the same.

1.	NAME AND LEVEL OF EVENT NSS Activity- Health Awareness programme on HIV/AIDS & Blood Donation
2.	BACKGROUND/ INTRODUCTION The Department of Community Health Nursing, in collaboration with the National Service Scheme (NSS), SDUCON conducted an insightful health awareness programme on HIV/AIDS and the importance of blood donation. The event was held on 18th March 2025, at the Multipurpose Hall of SDUCON. The programme aimed to educate and raise awareness among students regarding the prevention of HIV/AIDS and the life-saving significance of blood donation. Objectives of the Programme 1. To raise awareness about HIV/AIDS: To provide crucial information about HIV, its transmission, prevention, and the social stigma surrounding it. 2. To educate about the importance of blood donation: To emphasize how blood donation can save lives and the ongoing need for blood in healthcare settings. Mrs. Komala Devi, the NSS Co-coordinator, began her session by giving a comprehensive overview of HIV/AIDS, explaining the difference between HIV (Human Immunodeficiency Virus) and AIDS (Acquired Immunodeficiency Syndrome). She detailed how HIV affects the immune system, weakening the body's ability to fight infections and diseases, she also emphasized on various modes of transmission, importance of safe practices in preventing HIV transmission, stressed the damaging effect of stigma and discrimination against people living with HIV/AIDS, urging students to foster empathy, understanding, and support for individuals affected by the virus. The second part of the programme focused on the life-saving benefits of blood donation in which she highlighted the importance of blood donation, eligibility criteria & benefits of donation.
3.	VENUE: Multipurpose Hall, SDUCON
4.	SPONSORS: NSS Unit, RGUHS, B'LORE
5.	INAUGURATION The Programme started at 11:45am with Prayer song by IV year B.Sc (N) students and warm welcome given by Dr. Malathi.K.V, NSS Coordinator & HOD, Dept. of CHN, SDUCON.
6.	SPEAKERS/ JUDGES/ CHAIRMAN/PANEL TEAM Speaker:- Mrs. Komala Devi.R, NSS Co-Programme Officer, SDUCON
7.	PARTICIPANTS & DELEGATES The Programme benefited 250 students & 20 teaching staffs of SDUCON.
8.	AWARDS/PRIZES Ms. Glory & Ms. Gangothri of IV B.Sc (N) who voluntarily took part in all the NSS activities from first year till final year were awarded with prizes.

BEST PRACTICE 2

FLUOROSIS RESEARCH AND REFERRAL LABORATORY (FRRL) IN THE KOLAR REGION

1. Title of the Practice

Fluorosis research and referral laboratory (FRRL) in the Kolar region

2. Objectives of the Practice

- a. To conduct research in fluorosis
- b. Creating societal awareness about the fluorosis related diseases and its prevention
- c. Estimate fluoride level in biological samples
- d. Extend services to veterinary, horticulture, agriculture and other fields for better perspectives and improve economy and health care delivery system of the nation

3. The Context

Kolar, Dharwad, Haveri, Tumakuru, Chitradurga, Gadag and Ballari districts are all affected by fluoride-rich water. Data from the health department shows over 6.2 lakh people suffer from fluorosis in Karnataka. SDUAHER centre Fluorosis research and referral laboratory is the only centre of excellence in South India to work on non- skeletal fluorosis in human as well as animals in various disease and disorders.

Kolar and surrounding region is known to have increased prevalence of fluorosis related disorders . Off late in Kolar district there is increase in non- communicable diseases which shall be linked with fluoride exposure which intended us to establish FRRL

4. The Practice

Academy has taken initiative to create societal awareness about the fluorosis related diseases and its prevention by camps and publishing articles in local Kannada newspapers. To improve the knowledge on fluorosis several webinars and workshop was conducted by experts. To generate new knowledge in the fluorosis research projects including Ph.D work and funded projects were conducted. FRRL services is extended to other institutes for research and diagnostic works. Articles were published in reputed peer indexed journals.

5. Evidence of Success

- a. Three PhD studies on human subjects, three PhD studies on animals were completed, two PhD partially completed
- b. Nine MD PG dissertations were completed and awarded degree
- c. DHR- ICMR funded project for Rs. 19,10,000/- (Rupees nineteen lakhs ten thousand only) is sanctioned during the year 2023- 2024, a three years project

- d. School and college student's awareness camps are conducted every year, till date 7 camps have been conducted. Free urine fluoride tests were conducted by which we were able to classify severity of fluorosis village wise
- e. Newspaper articles are published every month in State newspaper, till date 18 newspaper articles are published
- f. Campus water analysis on monthly basis is performed to assess the water pot ability
- g. Three Student's short term ICMR projects are carried in FRRL till date
- h. Research consultancy services on fluorosis is till date being provide to Kasturba Medical College, Manipal and Mysore Medical College and Research Centre, Mysore

6. Problems Encountered and Resources Required

Infrastructure and the space provided for the laboratory shall be improved. Though the instrument is benchtop, the sample processing is time consuming and lengthy.

7. Notes (Optional)

Institutional support for external organization recognition is highly appreciable to continue the good work in the laboratory and excel in the field.

ACTIVITIES BY FRRL

RESEARCH INNOVATION AND EXTENSION

In House Fluorosis Projects Completed (11)		
Project title	Investigators	Details
Estimation of Fluoride and Sirtuin 1 in Patients with diabetic Nephropathy in Kolar District of Karnataka, India	Mrs. R. Sai Deepika Dr. K.N. Shashidhar Dr. C. Muninarayana. C Dr. A Raveesha	Ph.D Thesis Work
Correlation of serum and urine fluoride with anemia and maternal perinatal outcome in pregnancy.	Dr. Sneha Singh Dr. Munikrishna Dr. Shashidhar.K.N	PG Dissertation
Association of plasma fluoride levels with occurrence of pre-diabetes in three endemic villages of Kolar district.	Dr. Sumathi.M.E Dr. V. Lakshmaiah Dr. Shashidhar.K.N Dr. Hariprasad.S Dr. Ravishankar.S	SDUAHER funded
Effect of moringa olifera leaves on hematological profile and histomorphology of brain, liver, spleen and kidneys of fluorosis affected rats	Mrs. Pravallika P Dr. Vinutha Shankar Dr. Shashidhar.K.N Dr. Hemalatha A	SDUAHER funded
Knowledge and awareness about fluorosis in rural population of Kolar district	Dr. Sumathi M E Ms Sangeetha P	Project Completed
Impact of increased fluoride intake on function of Thyroid hormones in Kolar district- An area endemic for fluorosis	Ms. Nagina. R Dr. Deena C Mendez	MSc. MLT Clinical Biochemistry Project
Association of Vitamin D binding protein in Diabetic Nephropathy: A cross sectional analytical study	Mr. Bhuneshwar Yadav Dr. Shashidhar KN Dr. C. Muninarayana. C Dr. A Raveesha	Ph.D Thesis Work
The find association of Fluoride in Diabetes Type 2 and its Microvascular Complications. A Tertiary Care Rural Hospital Case Control Study	Dr. Shashidhar K.N Dr. Deena Mendez Dr. Munilakshmi .U Dr. Raveesha Dr. Sangeetha. T	SDUAHER funded
Serum biomarkers, serum fluoride levels estimation with histopathological changes in placenta of pre-eclamptic women	Mrs. Krishnaveni Dr. C.V. Raghuveer Dr. Sheela S.R. Dr. Venkateshu K.V Dr. Prabhavathi. K	Ph.D Thesis Work
Study on evaluation of therapeutic effect of bacopa monniera on cerebellar toxicity	Mr. Ravi Shankar Prasad Sawan Dr. Sridevi NS	Anatomy PhD study

caused by arsenic and nicotine on sprague- dawley rats	Dr. Shashidhar KN	
Histomorphological change and glutamate levels in Fluoride and Arsenic induced injury to Hippocampus and cerebral cortex in Wistar rats and ameliorating effects of Ginkgobiloba	Mr. Suresh.T Dr. C.V. Raghuv eer Dr. Venkateshu K.V Dr. Kiranmayee P	Ph.D Thesis Work

Consultancy Projects (03)

1. PI: Ms. Aqsa Fathima, PhD Scholar, Dept. of Pharmacology, Supervisor: Dr. Smita Shenoy, Prof. & Head Dept. of Pharmacology. Title: Role of Betanin as Sirtuin1 modulator in fluoride induced neurodevelopmental toxicity: A preclinical study
2. PI: Ms. Newly Bagang, PhD Scholar, Dept. of Pharmacology, Supervisor: Dr. Smita Shenoy, Prof. & Head Dept. of Pharmacology. Title: Role of Sirtuins in gender based neurodevelopmental toxicity in fluorosis: A preclinical study
3. Mysore Medical College: PI: Jeeva M Ravi, STS- ICMR Project, Guide: Dr. Shubha Jayaram, Prof. & Head Dept. of Biochemistry. Title: Estimation of Fluoride Deficiency in Post-Menopausal Women. Total Revenue Generated from December 2022 to till date Rs. 22,250/-

Knowledge generated from the PhD thesis

Dr. R. Sai Deepika titled: Estimation of Fluoride and Sirtuin1 in Patients with Diabetic Nephropathy in Kolar District of Karnataka, India, from the present study we comprehend that fluoride and diabetes in combination may be a fast destructing disorder of normal metabolism. Fluorosis and diabetes is a globally prevailing epidemiological disorder and a challenge.

Dr. Bhuneshwar Yadav titled: Association of Vitamin D binding protein in Diabetic Nephropathy: A cross sectional analytical study

Dr. Krishnaveni titled: Serum biomarkers, serum fluoride levels estimation with histopathological changes in placenta of preeclamptic women. An increased serum F level is an added risk factor for development of PE and suggests that the estimation of the maternal serum F levels can be used as a diagnostic marker for predicting of development of PE.

Dr. Ravi Shankar Prasad Sawan titled: Ameliorating Effect of Bacopa- Monnieri against Nicotine Induced Cerebellar Toxicity in Male Sprague-Dawley Rats. The Glutathione Peroxidase (GPx) activity was lower in nicotine treated rats whereas oral supplementation of Bacopa- Monnieri significantly increases the activity of Glutathione Peroxidase. Bacopa- Monnieri supplementations significantly reverse the Nicotine induced reduction in locomotion activity, exploratory behaviour, anxiety, motor impairment and balance. Bacopa- Monnieri confers the protective effects against nicotine induced neurobehavioral alteration and oxidative stress in rats.

F. No. R.11013/14/2023-GIA/HR
Indian Council of Medical Research
V. Ramalingaswami Bhawan, P.O. Box No. 4911
Ansari Nagar, New Delhi – 110029.

Dated: 21.02.2023

To,
The Dean,
Sri Devaraj Urs Medical College,
Tamaka, Kolar- 563103.

Sub: Grant-in-aid Scheme of the Department of Health Research for 'Inter- Sectoral Convergence & Coordination for Promotion and Guidance on Health Research-approval to the research project entitled "Identification of Sirtuin1 Gene Polymorphism Associated With Fluorosis and Type 2 Diabetes Mellitus" Under Dr. Shashidhar K.N., Professor Department of Biochemistry, Sri Devaraj Urs Medical College, Tamaka, Kolar- 563103.

Dear Sir,

I am directed to convey the approval of Competent Authority for the sanction of **Rs. 4,85,000/- (Rupees Four Lakh Eighty Five Thousand only)** as 1st year grant in respect of the above project and release of an amount of **Rs. 4,85,000/- (1st year grants)** detailed in attached statement (Annexure-I).

2. The approval total duration of the research project is **3 years. (Date of Start : 20.03.2023).**
3. The project is covered under the component **Environmental Health "Translational Research Project"** of the aforesaid scheme.
4. The payment of grant-in-aid will be further subject to the Rule 228 to 245 of provisions of GFR-2017/DFPR-1978/Receipt and Payment Rules 1983 (as amended from time to time) and following terms and conditions:-

(a) The grants of the project will be released in favour of **"SDUAHER.**

(b) The funds will be released annually. The first year grant will be sanctioned along with the approval letter. It would include the entire grant for purchase of equipment, and recurring grant for one year.

(c) The Host Institute would be required to submit the periodical/ annual progress report, the final completion report and the
