Report on quality sustenance/enhancement initiatives of the IQAC during year 2023-24

Since its inception SDUAHER IQAC has been following the objectives and functions as specified by NAAC.

SDUAHER IQAC conducts regular quarterly meetings as per calendar of events. The meeting is with specific agenda that is circulated well in advance. The work done and work planned for next session of all constituent faculties and various departments of the Academy are discussed. Deliberations of the meetings, proceedings and the action taken report are well maintained at the IQA cell of SDUAHER as well as uploaded at the Academy website as open document.

Following are some of the Criteria wise quality sustenance and quality enhancement activities undertaken by SDUAHER - IQAC during the year 2022-23

Criteria -1

1. Revision of curricula

- Two program curricula were revised of BSc CCT & BSc CPT

2. Value added courses -

- 16 VAC courses were conducted with 82% of enrolled students benefitted.

3. Implementation of research internship for Undergraduate students and conversion of

- Bachelors- BSc programs to BSc (Honors) programs of four years
- For programs under FAHBS

Criteria – 2

1. FDPs through UCHPE

- On various topics of Health Professions Education

2. Training of teachers for becoming instructors for AHA BLS & ACLS courses

- 9 faculty of SDUAHER were successfully trained to become AHA certified instructors to conduct AHA BLS and ACLS courses.

Criteria – 3

1. Innovation-related activities

- Initiation of Institutional Innovation Council

2. The innovation related activities planned for the year 2022-23 are

- To conduct a minimum of one Innovation Cell driven activity every quarter,
- To train a minimum of five teachers as Innovation ambassadors, and
- To file a minimum 10 intellectual property rights (either patent or copyright).

Criteria – 4

1. Quality theme for academic year 2023-24 and calendar year 2023 – “Embracing Technology.”

There is requirement of technology implementation in education and other functional aspect of the university – for this appropriate technology needs to be identified and to be used.

INTERNAL QUALITY ASSURANCE CELL
