Remarks	
Objective (100 of 100 left)	Ideathon 2026, organized by SDUAHER, JFII, and IIC, aimed to foster innovation and entrepreneurship among students in healthcare, MedTech, AI, agritech, and sustainability. The event provided a platform for UG, PG, and PhD students to present solutions addressing rural development, climate change, and social innovation challenges. With structured rounds, investor connect, and industrial visits, the program emphasized design thinking, startup incubation, and interdisciplinary collaboration. The initiative strengthened problem-solving skills, encouraged creativity, and promoted translational innovation, aligning with SDG goals and institutional vision to nurture future-ready innovators and entrepreneurs.

Benefit in terms of learning /skill/knowledge obtained* (150 of 150 left)	Participants gained hands-on experience in ideation, pitching, and venture building. The competition enhanced critical thinking, teamwork, and entrepreneurial skills by exposing students to real-world challenges in healthcare, technology, and sustainability. Through mentorship and investor interactions, teams learned how to refine ideas into viable business models, improving their understanding of funding pathways and startup ecosystems. The industrial visit provided practical exposure to innovation in action, while the one-year venture-building program offered long-term support for selected teams. Overall, the event enriched knowledge in design thinking, translational research, and startup incubation, empowering students to transform innovative concepts into impactful solutions.
