|                | <p>To commemorate the centenary celebration of Sri R. L. Jalappa, Founder Chairman of SDUAHER, Kolar, the University Library Learning Resources Centre at SDUAHER organized a workshop on 'Selection of Journals for Research Publications</p> <p>The program commenced with a welcome speech by Ms. Shamala, Assistant Librarian, SDUCON, SDUAHER, Kolar. Dr. Prof. Muninarayana C., Hon’ble Registrar, SDUAHER, Kolar, inaugurated the workshop, emphasizing the importance of selecting appropriate journals for research publications. He discussed methods for identifying predatory and cloned journals, as well as recognizing genuine journals listed in SCOPUS, Web of Science, and the UGC CARE List using various tools. Additionally, he provided an overview of UGC and NMC norms related to publication and degree awarding</p> <p>Dr. Kalyani R. explained the process of selecting a journal that aligns with the article's title, research scope, and subject area, ensuring a proper match between the manuscript and the journal's focus. She also discussed journal indexing, noting that SCOPUS is the most widely recognized indexing platform, followed by Web of Science, DOAJ, EMBASE, and PubMed—each serving as an indicator of journal quality. Additionally, she outlined methods for verifying a journal’s indexation.</p> <p>The workshop was led by Dr. Shilpa M.D., Assoc. Professor, Department of Pathology, SDUMC. Selecting the right journal for publishing medical research is crucial for visibility, credibility, and impact. Here’s a brief overview of the process. Scope &amp; Relevance, Indexing &amp; Reputation, Impact Factor &amp; Citations, Avoid Predatory Journals, Journal Guidelines &amp; Review Process, ensure the journal adheres to ethical standards, including COPE (Committee on Publication Ethics) guidelines</p> <p>Dr. Prakash, Assistant Professor/Senior Librarian, ULLRC, SDUAHER, briefed on practical steps, on SCOPUS, Web of Science, UGC CARE list, DOAJ and Journal Finder.</p> |
